

FLAG DAY OBSERVANCE PROGRAM OF EXERCISES

Street Parade to South Common
From Memorial Hall at 3 p. m.
—Mayor Murphy, Rev. C. E.
Fisher and James O'Sullivan
Will Speak

FLAG DAY PROGRAM

Parade will leave Memorial Hall at 3 p. m.
Route of march will be down Merrimack, to Central, to South
and to the common.
Exercises on South common will start at 3.15 o'clock sharp.
Children of the public and parochial schools will assemble on
common at 3 o'clock.
Music by the Middlesex County Training School Band.
Singing of America by the school children, led by the band.
Rev. N. W. Matthews will offer prayer.
Mayor Murphy will make introductory speech.
James O'Sullivan will deliver flag oration.
Other prominent local speakers.
Weather unfavorable, exercises will be held in Memorial Hall.

Unless the weather clerk should feel indisposed, Lowell's celebration of Flag day tomorrow will be the most marked celebration of the day ever held here and for the splendid arrangements that are now complete all thanks is due the general and special committees of the patriotic societies. It is expected that the exercises scheduled to be held on the South common will attract thousands and everybody is requested to join in the parade which will start from Memorial hall at 3 o'clock.
Mayor Dennis J. Murphy will lead the parade and each person is asked to equip himself with an American flag of some kind, big or small. Those who come without flags will be supplied from the 1000 or more which the flag committee has solicited from Lowell business men.
The final meeting of the committees was held last night in Memorial hall, at which the last details for the parade and exercises on the common were decided upon and all arrangements completed. Those who take part in the parade are asked to gather at Memorial hall at 2.45 o'clock. At 3 o'clock sharp, the order "Forward march," will be issued and the body will move forward down Merrimack street, to Central, to South and to the common.
It is expected that members of the

Lad's Neck by Two Small Boys
Who are Now Held for Murder

PRESQUE ISLE, Me., June 13.—Two small boys, Louis and Herbert Cote, were arrested yesterday and will be given a preliminary hearing today on the charge of murder on account of the death of Hartley Webb, aged 11, who, with a companion, Victor Porter, was attacked Thursday while fishing. The coroner's jury rendered a verdict that Webb died of strangulation at the hands of the Cote brothers by shoestrings tied about his neck.
Victor Porter, aged 13, who testified that he was also bound and nearly strangled, was the principal witness. He said that while fishing with Webb two boys they did not know, but whom

WIRELESS REPORTS BIG LINERS IN COLLISION

Hamburg-American Liner Pretoria
Collided With American Liner New
York During a Dense Fog Early
This Morning

ON BOARD STEAMER NEW YORK, by wireless, via Siasconset, June 13.—The Hamburg-American liner Pretoria, from New York for Hamburg, collided with the American liner New York during a dense fog at 3.26 o'clock this morning. Fortunately the blow was a glancing one, just abaft of the bow and the New York was uninjured.
No panic nor undue excitement prevailed aboard the New York when the shock was so slight that many of the passengers were not even awakened. Because of the fog the New York was stopped at the time of the accident. Later she proceeded on her voyage to New York and at 5 a. m. was 180 miles east of the Nantucket lightship.
The steamer New York left Southampton for New York on June 6 and is due in New York harbor late tonight. The Pretoria sailed for Hamburg on June 11.
Nothing is said in the wireless despatch from the New York whether or not the Pretoria was damaged in the collision but the indications are that she was not, as the New York reported herself as proceeding to her destination, which she would not have done had there been any serious results from the accident.

AMERICAN LINE RECEIVED ONLY BRIEF WIRELESS FROM CAP- TAIN OF NEW YORK

NEW YORK, June 13.—The American line received only a brief wireless message from Captain Roberts of the New York concerning the collision.
The message said:
"Pretoria collided with New York. None injured, damage slight. Fog." Up to 9 o'clock this morning the Hamburg-American line had received no word from the captain of the Pretoria.

EXPLOSIONS STIR TOWN IN POLICE COURT

Safe in Postoffice at Reeds Ferry,
N. H. Blown, Open and Robbed
Early This Morning

REEDS FERRY, N. H., June 13.—Explosions which brought nearly all the residents of this village half dressed to the vicinity of the postoffice early today were explained when it was found that the safe had been blown open and robbed of \$25 worth of stamps. Those first on the scene saw four men hastening toward the railroad tracks. The burglars, who exploded a considerable amount of cash.

Summer L. Brown was present in police court this forenoon on two complaints, charging him with drunkenness and assault and battery upon Police Officer Joseph A. Clark, who patrols in the vicinity of Bridge street. He pleaded guilty of the first charge only, but on the evidence of two policemen he was found guilty and sentenced to the house of correction for three months for drunkenness and to the same institution for two months on the assault complaint.

Patrolman Clark testified that he found the defendant on Bridge street early yesterday morning, pushing unceremoniously off the sidewalk and challenging them to fight. The witness stated that when he attempted to arrest Brown the latter fought for some time and struck him on the face twice. Officer Whitworth corroborated part of the former witness' testimony, and said that Brown was in a fighting mood all the way to the station.

The defendant made a long plea for another chance to follow the straight and narrow path, telling the court that he was released from jail only last Saturday. He said that he was doing no harm when Officer Clarke stepped up to him and placed him under arrest. Brown's record showed that he had appeared four times within a year for drunkenness and he was given a five months' sentence to the house of correction.
Alpheus R. Hamlett yesterday came to this city from Meredith, N. H., and while here bought a horse and buggy to convey him back to his home town. He also hired three local men to go back to the Granite state to work on his farm, but while the four were driving through North Chathamford the wagon broke down and it is alleged that Alpheus caused a disturbance. He was ordered to pay a fine of six dollars, after receiving instructions to keep out of Lowell in the future.

Flags for Flag Day at The Thompson Hardware Co., also poles and brackets.

SEARCH FOR SUCCESSOR TO MEXICAN DICTATOR

The Mediating Colony Turns
Thoughts From Diplomatic
Forms and Protocols to Questions
of Personnel for the New
Provisional Government

NIAGARA FALLS, Ont., June 13.—The mediating colony turned their thoughts today from diplomatic forms and protocols to question of personnel for the new provisional government of Mexico. They began the search for a successor to Huerta who shall be acceptable to all factions, capable of pacifying Mexico so that a constitutional election may be held.
A man of unusual qualifications is sought. He must be without violent prejudices who can conserve the interests of the Huerta followers as well as the constitutionalists.

Sign First Protocol
The mediators and delegates felt today that they had accomplished much by the signing of the first of the series of protocols. In this document the American and Mexican delegates as well as the diplomatic representatives of Argentina, Brazil and Chile enter into an agreement for the transfer of power from the hands of General Huerta to the new provisional president in the following manner.

Constitutional President
A government is to be constituted in Mexico of a character to be later provided which shall be recognized by the United States and the countries represented by the mediating plenipotentiaries, Argentina, Brazil and Chile—date to be fixed—and which from that day forward shall exercise public functions until there shall be inaugurated a constitutional president.
Another protocol will deal with the personnel of the new provisional government and set forth that the new executive shall be installed after being recognized by Mexican nationals including all political parties. The Mexican delegates are anxious that some clause be written in one of the protocols by which it shall be emphasized that the new president is to be recognized by interior Mexico, as well as foreign nations.

Resignation of Huerta
The purpose of this is to make this consistent for General Huerta to resign in accordance with his declaration made recently through the Mexican delegates, namely, that he would retire when Mexico was politically pacified.
This was explained by the Mexican delegates as meaning not material pacification of the country but an agreement as a result of the mediation which all political factions would accept.

Pedro Lascurain Mentioned
These points will be worked out in future conferences but for the present attention is centered on the declaration of foreign affairs when Alvaro was forced to resign is being mentioned as a possibility, but it is known that he would not be accepted by the constitutionalists.

BIG BALLOONS MISSING

No Trace of the Three Balloon
Parties Who Left Portland, Ore.
in Long Distance Race

PORTLAND, Ore., June 13.—Although every town, settlement and ranch where there is a telephone or telegraph service in Clackamas, Marion, Multnomah and other counties has been communicated with and the forests and mountains in Clackamas county have been combed by forest rangers, no authentic reports since Thursday night have been received of any one of the three missing balloon parties which left Portland Thursday at four o'clock in a long distance balloon race.

Definite reports from Oregon City early today were that what seems to have been the Berry balloon (Million Population club), which later met with disaster, was seen between 7 and 8 o'clock Thursday night going up Milk Creek canyon, 30 miles southeast of Portland, and in the most desolate part of Clackamas county. This is the first clue to the probable whereabouts of one of the missing balloons. The report came from ranchers. Acting thereon a rescue party left Portland early today. All of the carriers pigeons taken by the three balloons have now been accounted for but one. Its owner believes this one has met disaster. With Captain Berry in the Million Population club when it left Portland was George Y. Morrison of Portland. Captain John Watts in the Kansas City III. had Roscoe Fawcett, a sporting writer, as assistant, and Wilber Henderson of Portland accompanied Roy Donaldson in the Springfield.

The fourth balloon Uncle Sam landed a few hours after the start, 87 miles from Portland.
All scores by innings, full ticket service at Richardson Hotel.

OPEN MUTINY IN SCHOOL

Pupil Charged With Attacking Teacher — Principal Received Black Hand Letter

DENNIS, June 12.—The rebellious pupils in the schools of West Dennis and Dennisport, who began the year by forcing Mrs. Darling, the principal of the grammar school at West Dennis, to resign, have come to the end of the year in an open mutiny against the High school principal, with a Black-Hand letter feature which may bring the federal authorities into the middle. A pupil in the High school is to be sought on a warrant charging juvenile delinquency as a result of an alleged assault.

The most recent episode began Thursday, May 28, when Aubrey Handy, one of the pupils in the High school, shoved his movable desk out of position, according to Louis B. Raycroft, the assistant to the state treasurer, who is also chairman of the Dennis school committee.

Principal Fred L. Sawyer took the boy by the shoulder, and young Handy said, "Take your hand off me!"

Upon this, Mr. Sawyer, who is an old Harvard athlete, gave him a shaking. At recess he undertook to talk to the boy again, and the same thing occurred.

This time, while the shaking was going on, Leroy Phillips, another pupil from West Dennis, came into the room and, it is alleged, picked up a chair and swung it on the principal, striking him in the back. When Mr. Sawyer looked around, Phillips was standing by with an open jackknife in his hand. It is claimed.

Threatening Letter

"Even then," Mr. Raycroft said yesterday, "Mr. Sawyer was disposed to take matters easily. The parents of both boys were notified, apologies were made and Phillips apologized before the school. Mr. Sawyer regarded the incident as closed."

"I happened to hear of it, however, and immediately wrote out a complaint against Phillips. This letter was suspended, for he was found to be under 17. A new one is being drawn."

COMMANDER OF U. S. S. DOLPHIN

Worcester Man Played Important Role in Tampico Incident

Men From His Gunboat Were Arrested by Mexican Federals

COMMANDER RALPH EARLE

(Special Despatch to The Sun)
WORCESTER, June 13.—Lieut. Commander Ralph Earle of Worcester played an important role in the incident that brought about open hostilities between the United States and Victoriano Huerta. He is commander of the U. S. gunboat Dolphin. It was a ship's boat from the Dolphin whose men were arrested at Tampico and subjected to indignities which resulted in the demand for a "salute to the flag" by Rear Admiral Henry T. Mayo to whose fleet the Dolphin is assigned. The Dolphin was "in the river" at Tampico and had Admiral Mayo been ordered to take the cure it would have been the Dolphin's guns that would

have boomed first in the battle. Instead, the scene of action was shifted to Vera Cruz.
Lieut. Commander Earle writes letters to his Worcester home regularly but his family refuse to divulge what they contain. One humorous extract was learned, however. A letter received here after the battle of Vera Cruz had been fought and won asked whether or not the people of Worcester had heard anything about the incident of the arrest of the Dolphin's boat crew at Tampico. For days the story and its consequences had been emblazoned in glaring headlines across the front page of every newspaper in the country.

AMUSEMENT NOTES

R. F. KEITH'S THEATRE
Few persons can witness the frightful collision between two ferriesboats in Frisco Bay, as portrayed in "The Sea Wolf" at the R. F. Keith Theatre, without having recalled to their mind accounts of recent sea disasters. So real seems this portion of the picture that audiences are gripped as they seldom have been before. The staging of Jack London's wonderful novel was carried on regardless of expense, as will be readily imparted to the observer. Hobbs, as Larsen, the Sea Wolf, gives an ideal impersonation of the half brute, half intellectual. It is wonderfully well done, and stands as the best motion picture characterization ever shown here. Seats for 10 cents, with a few at 15 cents. Tomorrow special Sunday entertainments will be given. "The Banker's Daughter," Monday, Tuesday and Wednesday.

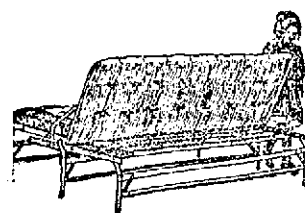

MERRIMACK SQUARE THEATRE
In the selection of that wonderfully interesting dramatic offering, "Life's Shop Window," for next week's attraction by the Merrimack Square Theatre, the directors, Messrs. C. and J. H. H. have made an other ten-strike. The piece is truly a great play from a great novel by Victoria Cross, author of many other famous books, and its dramatization is classed with the cleverest of recent times. The piece is a bold, brilliant presentation of a phase of the relations of the sexes, treated in a manner never before attempted, but with characteristic freedom and delicacy. It tells the story of a woman who, torn from a woman and presents her before the world as she must appear in the driving eye. Those who have read the book are no doubt acquainted with the vital points of which the play treats. One Bernard Chetwin who has finished six months' service on the farm of a John Anderson, decided to strike out for himself and select America as the scene of his future life work. Previous to his departure he was and secretly married the daughter of Anderson and after he has been in America for a year he sends for his wife and child. The wife having met an English aristocrat who pictures the many good things of life she is ready to leave her husband for a life other than the one her husband is giving her. Her plans to desert her family become known to her Indian servant and the latter's daughter, and they make every effort to bring the woman to a true realization of her proposed acts. How she is finally saved that folly is very cleverly and cleanly told by the author. The play has many interesting characters and all contribute in making the presentation one of unusual merit. Under Scott Weeks and Miss Valaire Valerie will present the principal roles and they will receive the support of a capable cast. The first performance Monday afternoon.
For the second concert Sunday afternoon and night Manager Carroll has secured excellent talent to provide a program that is in keeping with the high standard of the series. It is unusually entertaining. Remember that this theatre is always cool and comfortable. When it is warm and sultry in the street it is most enjoyable in the theatre. Twenty electric fans and numerous exits make this possible.

THE OWL THEATRE
This afternoon or tonight if you have a few hours to spare, a good place to spend them is at the Owl Theatre. If you want a thrill, "For Love of Man," a three part offering, will furnish any amount you order. If you want a laugh—you'll get many with the Keystone comedians; if you want to see "Our Mutual Friend" in her weekly adventure, she is there; and if you want to see a good, all-around performance, the "House with the Sliding Door" offers it at the same prices. "The Different Man" is a notable drama being shown. "The Colonel's Orderly" is a war drama. We mention these two because they are simply "good." Jack Estlin's mellow voice will be heard. Sunday's program is also good. A big variety of subjects have been secured. Your money's worth is always assured in the good old summer time, as well as in the "winter's gray."

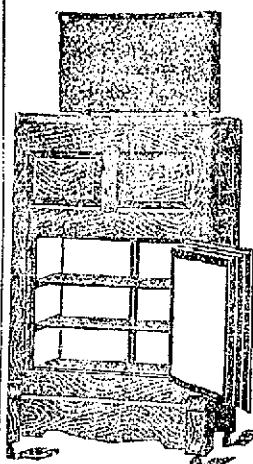

THE ROYAL THEATRE
Two good extra attractions have been booked by the Royal for tomorrow's Sunday show. When Strong White, Class A, masterful and brilliantly acted two-act farces, and "The Minister's Daughter," a fine story of heart interest, are the special features added to other pictures on the program that are worthy of spec-

Increasing a Dollar's Diameter

Money, say economists, is only a symbol—sought by men not because of itself, but because of what it has come to mean. In the frosty realm of the Eskimo, for instance, the dollar would be nothing more than a metal disc, meaningless and valueless. In Nome, Alaska, it means a little more—possibly as much as does a quarter in this more favored clime.

Thus a dollar's meaning varies with its geographical location, and when finally it hits the particular spot on the map occupied by Macartney's Live Store, it finds full and accurate definition.

Take \$15.00 for Example

This means a suit which in turn means months of clothing comfort and satisfaction, and as the price expands to \$16 or \$25, it means a Kuppenheimer suit, which means consequent satisfaction that expands in corresponding ratio.

A large and attractive display of our \$15 Suits is now being shown in our window.

Our aim is to make money sym-

bolize so much here that you will feel like saying to every dollar spent:

"Well done," and hope that on its never ceasing travels, it may, perchance, do as much for others as it has done for you.

LEGHORNS

98c to 2.48

With reverence, simplicity and beautiful Christian symbolism, the funeral services of the late Jacob Rogers were held yesterday afternoon at his home, 253 Andover street, at 2.30 o'clock, attended by a large concourse of relatives, friends, business associates and many who had come under his kindly and elevating influence through the long years of his honorable and useful career. Before the opening of the formal exercises, the great crowd in attendance passed in file before the casket to take a last look at the placid features which had been familiar at least to all the older citizens of Lowell. Among them were representatives of every large industry in the city, mill officials, heads of leading banks and other financial institutions, directors of large corporations, members of boards of trustees of fraternal and charitable organizations, hospitals and homes, representatives of the municipal government, of the legal profession, of every industry and profession that goes to make up the directing forces of our community. The late Mr. Rogers was actively identified with many large financial and charitable interests and among these his most prominent activities were the J. C. Ayer Co., the Mechanics Savings bank, the Tremont and Suffolk Cos., Lowell Manufacturing Co., Massachusetts Cotton Mills, Boat Co., Traders and Merchants Insurance Co., Lowell Gas Light Co., Kitson Machine Co., Y. M. C. A., Lowell General Hospital, Old Ladies' Home, and many others.

Funeral arrangements were under the direction of Mr. Franklin Nourse, father-in-law of Congressman John Jacob Rogers, and in charge of Undertaker George W. Hesley. The bearers were John Jacob Rogers, only son of Mr. Rogers; Frederick A. Flather, and Frank E. Dunbar, sons-in-law, Austin K. Chadwick, nephew, John Rogers Flather and Frederick Flather, grandsons. Rev. C. A. Lincoln of Kirk Street church conducted the services and the Harvard male quartet of Boston sang several religious hymns. As the time for the exercises approached there was a solemn hush and in intense silence Rev. Mr. Lincoln recited the beautiful "crepuscule" psalm with fittingly pathetic assurance of trust in God and confidence in His providence. This was followed by brief

sentences of invocation, also suggestive of Christian hope in eternal life. As the clergyman's words died down, the Harvard male quartet sang the tender and devotional "Lead Kindly Light" of Newman, beginning with its soft appeal about the encircling gloom and the soul battling for death "far from me," and then rising grandly to the confidence of the closing lines which their magnificent declaration of trust in the designs of God when the night of life is gone and "those angel faces" smile. The beautiful hymn was sung to the tune of "Lux Benigna."

Choral and Selections

Following "Lead Kindly Light" the favorite Scripture passages of Mr. Rogers, selected by Mrs. Rogers, his widow, were read. These, too, were for the most part expressive of hope in the resurrection and their appeal gave a close insight into the character of the man whose hymns and other selections we read by Mr. Lincoln:

The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: he leadeth me beside the still waters. He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever. The Lord hath been sure to bring Israel back to his land. The mountains were brought forth, or ever Lebanon hadst formed the earth and the world, even from everlasting to everlasting, thou art God. Thou turnest man to straw, thou art breath, thou art as a wind that passeth, thou art as a cloud that is soon dissipated. Thou art as a vision in the night. The Lord is my light and my salvation, whom shall I fear? The Lord is the strength of my life, and of whom shall I be afraid? The Lord is good, a strong hold in the day of trouble; and

and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ. Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord.

I reckon that the sufferings of the present time are not worthy to be compared with the glory which shall be revealed to us. For eye hath not seen, nor ear heard, nor the heart of man conceived, the things which God hath prepared for them that love him. Neither death, neither life, neither wrath, neither affliction, is but for a moment; wherefore for us a far more exceeding and eternal weight of glory, while we look not at the things which are seen, but at the things which are not seen; for the things which are seen are temporal, but the things which are not seen are eternal. For we know that, if our earthly house of this tabernacle were dissolved, we have an building of God, eternal in the heavens. Wherein the Lord loveth, he chasteneth. If he endure chastening, God dealeth with you as with sons. Now no chastening for the present seemeth to be joyous, but grievous; nevertheless, afterward it yieldeth the peaceable fruit of righteousness unto them that love him. Wherefore ye must try the trial of your faith, which worketh patience. Submit yourselves unto God, and the Lord will raise you up.

Come unto me, all ye that labor and are heavy laden and I will give you rest. Take my yoke upon you, and ye shall have ease. My yoke is easy, and my burden is light.

The righteous shall flourish like the palm tree; he shall grow like a cedar in Lebanon. Those that be planted in the house of the Lord shall flourish in the courts of our God. They shall still bring forth fruit in old age, and they shall be fresh and green, and the Lord is upright; He is my rock, and there is no unrighteousness in him. Hearken unto me, O house of

Jacob, and all the remnant of the house of Israel. Even to your old age, I am He; and even to hear halting, I will carry you; and I have made, and I will bear; even I will carry, and will deliver you. Return unto the rest, O my soul; for the Lord hath dealt bountifully with thee. For thou hast delivered my soul from death, mine eyes from tears, and my feet from falling.

Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them; while the sun, or the light, or the moon, or the stars, be not darkened, nor the clouds return after the rain: in the day when the keepers of the house shall tremble, and the strong men shall bow themselves, and the princes shall be moved, because they are few; and these that look out of the windows be darkened, and the doors shall be shut in the streets, when the sound of the grinding is low, and one shall rise up at the voice of the Lord, and all the daughters of music shall be smothered; also when they shall be afraid of that which is high, and fear shall be in the way, and desire shall fall; because man goeth to his long home, and the mourners go about the streets. Or ever the silver cord be loosed, or the golden bowl be broken, or the pitcher be broken at the fountain, or the wheel broken at the cistern. Then shall the dust return to the earth as it was, and the spirit shall return unto God who gave it.

And I saw a new heaven and a new earth: for the first heaven and the first earth were passed away. And I heard a voice saying, Hear ye, I will say, Behold, the tabernacle of God is with men, and he will dwell with them, and

TEN CENT FARE

Between Lowell and Lawrence Delayed Decision on Transfers

There was a conference before the public service commission in Boston, a day or two ago, in the matter of transfers on the Lawrence-Haverhill line and the chief argument offered by counsel for the Bay State Street Railway Co., against granting the request, was that it would open the way for a request from Lowell for a ten cent fare between this city and Lawrence and also that it would cheapen through fares from Haverhill and Lowell.

Decision was reserved, as the chair-

man declared the evidence presented on both sides was of so convincing a character and the disposition of the requirements was so fair and their request so reasonable, that he was disposed to give it further consideration and would notify the several attorneys in the near future.

The chamber of commerce has arranged for a copy of the records of the hearing taken from the stenographic notes. This will be a verbatim report of the argument presented on both sides.

Much time and thought has been given to this case by the chamber of commerce and the attorney for the Bay city district made the remark that he had never been obliged to put so much thought and study into any previous case of this kind.

The decision of the commissioners is awaited with much interest.

TURKISH FORCES ATTACK AIVALIK

LONDON, June 12.—Twenty-five thousand Greeks are threatened with massacre in the town of Aivalik, on the island of Mytilene, by a Turkish force, who with a force of Basili Dazouks began an attack on that town today with heavy artillery and machine guns.

According to the official despatch received here this afternoon, the fighting is heavy and great loss of life is expected.

Only recently the Greek patriarch threatened to remove the headquarters of the church from Constantinople.

Messages from Athens today state that one class of the Greek naval reserves had been called out, ostensibly to participate in fleet maneuvers.

Greek shipowners have telegraphed instructions to the commanders of their steamers in the Black sea to pass through the Dardanelles immediately and return to Greek waters.

A conference between the Russian and Rumanian ministers has been planned to take place at Bucharest, Rumania, next week to endeavor to prevent the breaking out of war.

GREEK GOVERNMENT DEMANDS REPARATION FOR PERSECUTION OF GREEKS

ATHENS, Greece, June 12.—The Greek government today sent a vigorous note to Turkey demanding the cessation of the persecution of the

Greeks in Turkey and the repair of damage caused to them and their interests.

Public opinion in the Greek capital is greatly excited and demands are made that the government take immediate sharp action in the matter.

THREAT OF ANOTHER GRECO-TURKISH WAR NO SURPRISE IN LONDON

LONDON, June 12.—The threat of another Greco-Turkish war did not come as a surprise to diplomats here today, events in the near east during the recent months having been kindling the strongest animosities between the two peoples.

Troops Mobilize in Romagna as Result of Revolution

ROME, June 12.—Movements of a revolutionary character were reported today throughout the four provinces of Bologna, Ferrara, Ravenna and Forlì, forming what is known as the Romagna.

Although a cessation of the general strike which began on Monday had been ordered by the labor organizations, the workers of extreme views in these districts have refused to return to work.

The government today ordered a concentration of troops, especially in the towns of Forlì and Ravenna.

Lombard Chair Factory at Ashburnham Destroyed by Fire

ASHBURNHAM, June 12.—About 3:30 this morning the F. W. Lombard chair factory on Main street was burned, involving a loss of over \$50,000.

The fire was discovered by Mrs. Chas. Allen, who lives near the factory. She called Mr. Lombard, the owner of the factory, on the telephone, and in a short time Chief Ernest Taylor of the local fire department had his whole fire force at the scene. Chief Taylor and his men did everything possible to extinguish the fire, but in vain, as it was under too much headway when first discovered. The surrounding houses were wet down and kept from catching fire.

The fire is supposed to have started in the heating room of the factory, and it is thought that sparks from a passing freight train set fire to the roof of the building.

Massachusetts Golfer Led All Amateurs With Score of 154

TROON, Scotland, June 12.—Francis Quimet of the Woodland Golf club of Massachusetts led all the amateurs with an aggregate score of 154 in the two qualifying rounds concluded today for the British open golf championship and tied for 12th place in the entire list with Tom Ball, the champion of Belgium.

Edward Ray and John H. Taylor, the latter holder of the British open golf title, tied for first place with aggregate scores of 150.

The nearest amateur to Quimet is Gordon Lockhardt, who is tied at the 25th position with a score of 157. Harold Walker of Toledo, whose aggregate score was 171, did not qualify to play in the championship.

HIGH STREET CLOCK

It has been observed by passersby that carpenters are at work on the high street clock and these same observations suggest that it would be well while the carpenters are at work there to have the Roman numerals on the old clock touched up a bit. Time and weather have effaced them and it is difficult now to tell the time of day because the numbers are almost illegible. The clock is an old one and the city pays \$50 annually to keep it going and in repair.

AMENDMENT TO TOLLS DEFEATED

WASHINGTON, June 12.—An attempt led by Rep. Moss, republican of West Virginia, to substitute the senate amendment to the tolls repeal bill with an amendment declaring that the repeal of the tolls should be inoperative in favor of its own ships was defeated in the house, 174 to 105.

STABBED THROUGH HEART

BODY OF MAN FOUND UNDER THIN LAYER OF SAND AT CHELSEA—THREE EIGHT WEEKS

CHELSEA, June 12.—The body of a man, stabbed through the heart, was found by Joseph Oppenheimer under a thin layer of sand beneath the front steps of his house on Arlington street today. The body, the police say, had been buried for six to eight weeks. The man's identity is not known.

NOW UP TO PRESIDENT

HOUSE, BY VOTE OF 216 TO 71 ACCEPTED SENATE'S AMENDMENT TO REPEAL OF TOLLS

WASHINGTON, June 12.—Without the formality of a conference, the house today by a vote of 216 to 71 accepted the senate's amendment to the repeal of the Panama toll exemption and sent the bill to President Wilson.

Rep. Glass of Virginia, democrat, in a lively defense of the president, made a sensational attack on his own party leaders who opposed the repeal, though avoiding mentioning them by name.

"This proceeding is not ungrudging," Mr. Glass added, "it is ungrudging. Congress should legislate and quit talking so much. I repudiate those men who wrote the treaty of exemption into the democratic platform."

"Do you repudiate the secretary of state, then?" shouted Rep. Ragsdale of South Carolina, democrat.

"Repudiate anybody who wrote that treaty, wherever it was. The secretary of state did not subscribe to it."

Rep. Gardner, republican, Massachusetts, interjected: "If the Lord Almighty had foreseen all this talk on exemption he would have dug the canal when he made the world."

MISSING STEAMER FOUND

CANADIAN GOVERNMENT STEAMER MONTMAGNY ARRIVES AT NORTH SYDNEY

HALIFAX, N. S., June 12.—No word had been received here today from the missing Canadian government steamer Montmagny, which left this port two weeks ago with a crew of 24 men. The steamer, which is in command of Capt. Pouliot, was last reported at Cape Race several days ago. She took on coal there and proceeded for Quebec. Under orders from the marine department at Ottawa all marine signal stations in the lower St. Lawrence river and the Gulf of St. Lawrence last night made special efforts to obtain some news of the steamer but without success.

During the winter and spring, the Montmagny was stationed at Halifax and was stationed in ice breaking and inspecting buoys. In past years she had been stationed at Quebec during the summer and it was for this purpose that she left here the last week in May.

ARRIVES AT NORTH SYDNEY

QUEBEC, June 12.—The Canadian government steamer Montmagny, reported last, arrived at North Sydney, early today, reporting "All well," according to a message from her captain, P. N. Pouliot, received by the local agency of the marine department.

Employees of Swissvale Plant Join Pittsburgh Strikers

PITTSBURGH, June 12.—The refusal of the Westinghouse Co. yesterday to treat with their 10,000 strikers was answered today when the Allegheny Congregational industrial union called out the 15,000 men in the plant of the Union Switch & Signal Co. at Swissvale. The strike was ordered for noon and a parade of East Pittsburgh strikers was formed at 3 o'clock to encourage the movement. With five bands, one of them made up of bagpipers, fully 5,000 men and women marched to the Turtle Creek playgrounds for a meeting before moving on to Swissvale.

POST OFFICE TROUBLES

UNCLE SAM MAY BE EVICTED AT RANDOLPH—OTHER MATTERS OF INTEREST

WASHINGTON, June 12.—More post-office troubles have developed in Rep. Gilmore's district, this time in Randolph, and again Uncle Sam faces possible eviction. In the crisis the post-office department will send an inspector to Randolph to prevent decimation of the office.

As explained to Representative Gilmore in a letter from Lays Brothers of Brockton, the story is somewhat complicated. According to this episode, Bourne, Hadley & Co. of Taunton, contracted with James H. Burley in October, 1910, to install post office fixtures in his building in Randolph, which he was to lease to the government. The price of installation was fixed at \$2250.

Lays Bros., they say, had built the structure, and they allege that Burley owed them \$1500 or \$1600 on it.

Lays Bros. says the letter, then, foreclosed on their lien and bought the building and tried to buy the postoffice fixtures for \$700 or \$800. Thus, they

say, they were unable to do and they now are informed that Bourne, Hadley & Co. intend to throw out the fixtures in 30 days, and Lays Bros. have to warn the department.

According to the postoffice department, an inspector will be sent to the scene of trouble at once, and Bourne, Hadley & Co. "will not be permitted" to put the fixtures on the sidewalk.

Representative Dietrick, yesterday, notified by the treasury department that Joseph Enkler had been transferred from the position of messenger at the Boston customhouse to that of customs guard at San Francisco. At his request, Mr. Dietrick had asked for the transfer for the benefit of Mrs. Enkler's health.

The city council of Woburn yesterday asked Representative Rogers to support the Hamilton bill for pensioning employees under the civil service.

LOAN OF \$180,000,000

TO BE ASKED BY NEW FRENCH CABINET FOR ARMY AND NAVY—MEETING HELD TODAY

PARIS, June 12.—The new French cabinet decided today to ask parliament to authorize the issue of a loan of \$180,000,000 payable in 25 years, the proceeds to be spent for the extraordinary requirements of the army and navy and also to cover expenditures in connection with Morocco.

The cabinet under the premiership of Alexandre Felix Ribot met this morning and approved the declaration of policy it was to submit to the chamber of deputies and the senate later in the day.

The declaration insists upon the rigid application of the three year military service law. An attempt to reach a compromise with the senate on the question of proportional representation is to be made.

The new government declares that maintenance of the non-sectarian character of the public schools and promises the introduction of reforms for the improvement of the conditions of the working classes.

CHARGED WITH PERJURY

SOCIOLOGICAL WORKER WHO DESSERTED BRIDE OF SIX WEEKS ARRESTED IN BOSTON

BOSTON, June 12.—Kenneth D. Douglas, who deserted his bride of six weeks in Newark, was arrested in the rooms of two Wellesley college graduates at the Fenway studios last night. He is held here as a fugitive from justice, being wanted in Newark on a perjury charge in connection with his application for a license to marry Miss Mary Stoneham of Taunton, also a Wellesley graduate.

Douglas was brought to police headquarters in a state of nervous collapse. He asserted that Miss Stoneham was his legal wife and that all his troubles were due to his failure to state on his marriage license application that he was divorced man, fearing the young woman would not consent to marry him if she knew.

Douglas had been in Boston but a short time when he was in the hands of the police. He came here from Providence yesterday and went to the studio of the friends of Miss Stoneham. He tried to explain to them that his marriage was legal and while he was talking police headquarters officers telephoned messages as to his whereabouts. Douglas told the police he would not fight extradition.

The prisoner, known as David Douglas, was employed here in 1912 as a special writer for a local newspaper.

L.W.W. APPEAL TO WALSH

WAKEFIELD EMPLOYEES SEEK FOR SUPPORT IN GARDNER—HOPE TO START STRIKE AT HEYWOODS

WAKEFIELD, June 12.—Officers of the American Federation of Labor declared here last night that the work of unionizing the employees of the Gardner plant of the Heywood Bros. & Wakefield company for a sympathetic strike is now well under way. It is in this way that they hope to bring the

company to terms, as the plant in Gardner is the company's largest one, employing about 5000 men.

A reply to the statement of the state board of conciliation and arbitration, advising the striking employees in the Wakefield plant of the company to return to work, was made by the L. W. W. at its meeting last evening.

In this reply the L. W. W. declares that the company has broken its agreement by refusing to restate the employees. It further insists that the state board has referred contemptuously to the strikers by saying that they acted like children and asserts that its confidence in the sincerity of the state board has been shattered and that it no longer desires its services in this strike.

The L. W. W. also announced that it is resolved to call the attention of the governor to the attitude maintained by Chairman Wood of the state board during the strike here.

Officials of the company announced last night that the men would be paid off this afternoon and would receive their tools. It was stated that the company would refuse to see any more committees representing the strikers and that any applications for work would have to be made by individuals.

In anticipation of a long struggle, the strikers arranged yesterday for a "tag day" to raise funds. Some of the storekeepers said the strikers could draw on them for \$1 a week.

HAD SAVED SIXTY LIVES

CAPT. NAPIER FOUND DEAD IN HIS BED AT CHICAGO—WAS 85 YEARS OLD

CHICAGO, June 12.—Capt. Joseph Napier, who during his 40 years' career as sailor and vessel master on the Great Lakes had saved the lives of 60 persons was found dead in his bed here yesterday. He was 85 years old.

In 1871 single-handed, Capt. Napier rescued 22 of the passengers of the schooner Merchant, which foundered off Chicago. In 1877 congress voted him a medal for his bravery in saving several lives from the wreck of the steamer D. G. Williams, off this port.

MAYOR MURPHY ISSUES FLAG DAY APPEAL

NGFIELD

LOWELL SPRINGFIELD

FLAG DAY OBSERVANCE PROGRAM OF EXERCISES

Street Parade to South Common
From Memorial Hall at 3 p. m.
—Mayor Murphy, Rev. C. E.
Fisher and James O'Sullivan
Will Speak

FLAG DAY PROGRAM

Parade will leave Memorial Hall at 3 p. m.
Route of march will be down Merrimack, to Central, to South
and to the common.

Exercises on South common will start at 3.15 o'clock sharp.
Children of the public and parochial schools will assemble on
common at 3 o'clock.

Music by the Middlesex County Training School Band.
Singing of America by the school children, led by the band.
Rev. N. W. Matthews will offer prayer.
Mayor Murphy will make introductory speech.
James O'Sullivan will deliver flag oration.
Other prominent local speakers.
Weather unfavorable, exercises will be held in Memorial Hall.

Unless the weather clerk should feel
indisposed, Lowell's celebration of
Flag day tomorrow will be the most
marked celebration of the day ever
held here and for the splendid ar-
rangements that are now complete all
thanks is due the general and special
committees of the patriotic societies.
It is expected that the exercises sched-
uled to be held on the South common
will attract thousands and everybody
is requested to join in the parade
which will start from Memorial hall at
3 o'clock.

Mayor Dennis J. Murphy will lead
the parade and each person is asked to
equip himself with an American flag of
some kind, big or small. Those who
come without flags will be supplied
from the 1000 or more which the flag
committee has solicited from Lowell
business men.

The final meeting of the committees
was held last night in Memorial hall,
at which the last details for the parade
and exercises on the common were de-
cided upon and all arrangements com-
pleted. Those who take part in the
parade are asked to gather at Mem-
orial hall at 2.15 o'clock. At 3 o'clock
sharp, the order "Forward march," will
be issued, and the body will move for-
ward, down Merrimack street, to Cen-
tral, to South and to the common.
It is expected that members of the

Supt. Kernan Reports Thefts from
Belvidere and Fort Hill Parks
—Police Notified

Belvidere park and Fort Hill park
were visited by vandals last night,
who, besides ruining a number of flow-
er beds, carried away hundreds of
plants. John W. Kernan, superin-
tendent of parks, has reported the
matter to the police and Mr. Kernan
says he hopes they will be able to
get the offenders and make out a
case sufficiently strong to send them
to jail.

Mr. Kernan believes the plants were
taken for the purpose of sale and he
believes he would be able to identify
most of them. In that event it would
seem as if speedy arrests were in
order. The thieves robbed Belvidere
park of about half of its plants and a

ANOTHER ZEPPELIN AIRSHIP WRECKED

The "ZI", With Military Crew Aboard
Ran Into a Rainstorm and Fell to the
Ground—Eighth Disaster of Zeppelin
Airships

DIDENHOFEN, Germany, June 12.—
Another of the Zeppelin airships of the
German army, the Z I, was badly
wrecked near here today. While try-
ing to effect an emergency landing the
air cruiser broke at right angles be-
hind the rear gondola. A lieutenant
was injured.

The Z I with a military crew aboard
ran into a rain storm and the com-
mander ordered a descent. When the
air vessel was within a few yards of
the ground a sudden vertical gust of
wind forced it violently to the earth
and it broke in two. The airship will
have to be entirely dismembered for
repairs.

Today's accident to the Z I is the
eighth disaster to Zeppelin airships by
wreck, fire or explosion.
In the case of the L 11, the entire
crew of 28 officers and men was killed
when the airship was burned in mid-
air during its trial flight at Berlin. The
L 1, her sister ship, had previously
been caught in a storm in the North
sea and fell into the water with a loss
of 15 of her crew of 22.

WIRELESS REPORTS BIG LINERS IN COLLISION

Hamburg-American Liner Pretoria Collided With American Liner New York During a Dense Fog Early This Morning

ON BOARD STEAMER NEW
YORK, by wireless, via St. Ignace,
June 12.—The Hamburg-American
liner Pretoria, from New York for
Hamburg, collided with the American
liner New York during a dense fog
at 8.25 o'clock this morning. Fortu-
nately the blow was a glancing one, just
about the bow and the New York
was uninjured.

No panic nor undue excitement pre-
vailed aboard the New York as the
shock was so slight that many of the
passengers were not even awakened.
Because of the fog the New York was

stopped at the time of the accident.
Later she proceeded on her voyage to
New York and at 5 a. m. was 180 miles
east of the Nantucket lightship.

The steamer New York left South-
ampton for New York on June 6 and
is due in New York harbor late to-
night. The Pretoria sailed for Ham-
burg on June 11.

Nothing is said in the wireless de-
spatch from the New York whether
or not the Pretoria was damaged in
the collision but the indications are
that she was not, as the New York
reported herself as proceeding to her
destination, which she would not have
done had there been any serious re-
sults from the accident.

cal interest:

High Cost of Living

Resolved relative to conspiracies to
raise the price of certain articles of
food:

Resolved: That the attorney general
is hereby requested to investigate the
matter of the illegal monopolies or con-
spiracies to control the sale or to re-
gulate the prices of articles of food in
general use, especially milk, eggs and
butter, and the attorney general is
hereby requested to prosecute forth-
with any persons or corporations whom
he discovers to have conspired or con-
trived illegally to raise or maintain
the prices of the said articles. (Ap-
proved June 3, 1914.)

Taxation of Signs

Resolved to provide for the establish-
ment of a commission to report to the
general court upon the taxation of
signs.

Resolved: That a commission con-
sisting of the chairman of the gas and
electric light commission, the chair-
man of the public service commission,
the tax commissioner and the attorney
general shall consider the taxa-
tion of signs and other devices used
for commercial advertising and report
its findings and the draft of a bill
for the taxation or regulation of such
signs and devices to the general court
not later than the second Wednesday
in January, 1915. (Approved June 4,
1914.)

The Taking of Land

Resolved to provide for a special com-
mission to report uniform methods and
procedure for taking land for public
purposes.

Resolved, that the tax commissioner,
the attorney general and the chairman
of the homestead commission are her-
by directed to report to the next gen-
eral court, not later than the second
Wednesday in January, a bill or bills
embodying as nearly as possible uni-
form methods and procedure by which
land may be taken for public purposes,

THE LADIES' AID SOCIETY

OF ST. PATRICK'S PARISH HELD
LAST MEETING OF SEASON LAST
EVENING

The regular monthly meeting of the
Ladies' Aid society of St. Patrick's
parish was held last evening in the
boys' school hall with an unusually
large attendance, due partly to the fact
that it was the last meeting to be held
until after the summer months. After
the business meeting a delightful and
most enjoyable informal concert was
given before the members of the so-
ciety and friends. The various num-
bers were most enthusiastically re-
ceived and they merited the applause
which was given in full measure. The
success of the concert was in great
measure due to the efforts of Miss
Teresa Slattery and Miss Ellen Lynch
who had the entertainment in charge.
A very fine musical program was pre-
sented. Those who contributed selec-
tions were:

Miss Mary Leary and Miss Bertha
Donoghue, Miss Ellen Lynch, accom-
panist, Miss Rose Hannafin, Mrs. Jas.
Morris and Miss Teresa Slattery, ac-
companist, Miss Julia Slattery, Miss
Angela O'Brien and Miss Sadie Smith,
Miss Frances Tighe.

OPEN MUTINY IN SCHOOL

Pupil Charged With Attacking Teacher — Principal Received Black Hand Letter

DENNIS, June 13.—The rebellious pupils in the schools of West Dennis and Dennisport, who began the year by forcing Mrs. Darling, the principal of the grammar school at West Dennis, to resign, have come to the end of the year in an open mutiny against the high school principal, with a Black Hand letter feature which may bring the federal authorities into the invidious. A pupil in the high school is to be sought on a warrant charging juvenile delinquency as a result of an alleged assault.

The most recent episode began Thursday, May 28, when Aubrey Handy, one of the pupils in the high school, shoved his movable desk out of position, according to Louis B. Raycroft, the assistant to the state treasurer, who is also chairman of the Dennis school committee.

Principal Fred L. Sawyer took the boy by the shoulder, and young Handy said, "Take your hand off me!"

Upon this, Mr. Sawyer, who is an old Harvard athlete, gave him a shaking. At recess he undertook to talk to the boy again, and the same thing occurred.

This time, while the shaking was going on, Leroy Phillips, another pupil from West Dennis, came into the room and, it is alleged, picked up a chair and swung it on the principal, striking him in the back. When Mr. Sawyer looked around, Phillips was standing by with an open jackknife in his hand. It is claimed.

Threatening Letter

"Even then," Mr. Raycroft said yesterday, "Mr. Sawyer was disposed to take matters easily. The parents of both boys were notified, apologies were made and Phillips apologized before the school. Mr. Sawyer regarded the incident as closed."

"I happened to hear of it, however, and immediately swore out a complaint against Phillips. This letter was suspended, for he was found to be under 17. A new one is being drawn

LAWRENCE TAKES ANOTHER GAME

Lowell Beaten 4-1—
Foul Ball Called Fair
by Umpire

Burke Played Wonderful Game at Third and Hit Ball Hard

Lowell lost for the fifth time this season to Lawrence. The Lawrence team yesterday afternoon at Riverside park when the down river club piled up four runs to the local team's none in nine innings. Although Lawrence deserved the game a foul ball in the fourth inning by Murphy and which was called fair by Umpire Doherty saved the contest for the home team.

With Murphy at first base, which he had reached by a single into left field, Bruce pitched the ball to the left field fence. The ball struck the fence and about a yard past the fence it fell to the ground. Although the ball was called fair by Umpire Doherty, it was not a foul ball.

Burke's playing of third bag opened the eyes of Lawrence fans yesterday. Repeatedly the down river baseball enthusiasts accorded the Lowell captain unstinted applause for his wonderful handling of hard hit balls down the third line. Burke grabbed Thompson's runner in the clutch when the Lawrence pitcher thought sure he was going to second on the smash.

Bob Kelly is another Lowell player who played sensational ball yesterday. He grabbed two or three balls yesterday which were sent away from first base and made the pitcher feel that his batting has improved as well. Although batting against a south-paw he hit safely twice.

Yesterday was not the first time that the Lowell players have been called upon like schoolboys on the high school run. With Thompson on first base and no one out the left fielder started for second and was easily slipped by Burke's throw to Lynch. Matthews charged that he did not give the signal for a hit-and-run with Thompson. Matthews said that the signal was given about time that this sort of childish maneuvering was stopped on the club. If the players can't understand the signals get some new ones.

Orcutt didn't look so well at second yesterday as he did the day before. He didn't have any slumps but he did not cover very much ground. He was up twice in the punches but failed to materialize.

Conley, the Lawrence third sacker, will hold his berth for a while longer on account of that home run clout. This player did the same thing on a previous trip to Lawrence and Lohman was in the line. Conley is not much of a third baseman. To make him you figure it. He was recommended to Ploper by Peter Donovan at that.

Two men caught napping off first base didn't look very well, does it? They had enough to get on without having their backs falling asleep on the sack. Harry Aubrey was right on to his job at the initial sack and handled thrown balls to perfection.

That derision of Umpire Doherty's yesterday was horrible. It is seldom that Michael makes a bad slip like this but he had an off day yesterday. It was a pity.

John Coulton, who lost the bantam weight title to Kid Williams recently, is 35 years old. He has been fighting for nine years, meeting nearly every bantam of any importance in the world. Coulton lost two battles decided by a referee's decision. He has had newspaper decisions given against him by Kid Williams and the only boys to get Coulton wins over the Chicago boys.

Resulted in Jail Sentences in Police Court—Other Cases

As a result of a row which occurred on William street last evening, Stanislaw Kozicki and John Marowski were brought into court this morning and after their cases were tried the former was sentenced to the Lowell jail for three months for drunkenness and for the same term for assault and battery upon one John Kozicki, while the latter was sent to the house of correction for four months for drunkenness.

Each of the defendants pleaded not guilty to the charge. Patrolmen Conney and Patrick Clark testified that they were called to a tenement house in William street about 10:15 o'clock last evening where it was alleged a stabbing affray had taken place. Upon finding the premises the officers found the complainants and they took them to a room occupied by Stanislaw Kozicki, who, it is alleged, stabbed Kozicki with a knife. But when the guardians of the peace opened the door to enter Stanislaw's room they saw him jump out of the window and a moment later he was on the roof.

Both of the police officers testified that they ordered him to come down but he refused and sat with a knife in his hand, stating that if anyone bothered him he would do harm. The man remained on the roof for nearly two hours. Each time an officer started to climb up one side of the house the much wanted man would run to the other side as a crowd of his fellow countrymen stood on the ground giving him instructions. After a time Sergeant Petrie was summoned to the spot and he climbed on the roof and tried to give chase but Stanislaw still showed resistance and when there was nothing else to do he jumped from the roof with intentions of landing on another roof but he missed it by about three feet and fell to the ground where he was arrested by Officers Clark and Conney.

When this man was taken care of a hunt was started for John Marowski, who was intoxicated and was very boisterous. He was found in a short time, but when he saw the officers were determined to arrest him he ran into the house and grabbing a small baby in his arms refused to show himself. However, the police gained entrance to the room and by using clinchers succeeded in releasing the child from his arms and he was also taken to the station.

In court this forenoon the men admitted having drunk a little beer yesterday, but rather admitted that they were drunk. The testimony of the arresting officers and that of a fellow countryman was sufficient to satisfy the court of their guilt and direct sentences were imposed. Marowski's appearance was held in the sum of \$200 for his appearance in superior court.

A young man, who gave his name as Costas Papangian, caused considerable trouble in Adams street last evening when he was taken to the police station charged with carrying a loaded pistol without a permit. He pleaded guilty before his Honor in court today but the case was continued till Monday for sentence.

While Patrolmen Dwyer and Conney were walking along Adams street about 9 o'clock last evening they heard loud talking in an alley and a moment later saw a man run down Adams street. They followed and when within a few feet of him he fired the shot but when it arrived it was learned that he was not hurt and he went to the police station instead of to the hospital.

Two second offenders were fined \$5, while there were a few released by the probation officer.

Sumner L. Brown was present in police court this forenoon on two complaints, charging him with drunkenness and assault and battery upon Police Officer Joseph A. Clark, who patrolled the vicinity of Bridge street. He pleaded guilty of the first charge only, but on the evidence of two policemen he was found guilty and sentenced to the house of correction for three months for drunkenness and to the same institution for two months on the assault complaint.

Patrolman Clark testified that he found the defendant on Bridge street early yesterday morning, pushing passersby off the sidewalk and challenging them to fight. The witness stated that when he attempted to arrest Brown he was fought for some time and struck him the face twice. Officer Whitworth corroborated the testimony of the former witness and said that Brown was in a fighting mood all the way to the station.

Another chance to follow the straight and narrow path, telling the straight that he was released from jail only last Saturday. He said that he was doing no harm when Officer Clarke stepped up to him and placed him under arrest. Brown's record showed that he had appeared four times within a year for drunkenness and he was given a five months' sentence to the house of correction.

Alphus B. Hamlett yesterday came to this city from Meredith, N. H., and while here bought a horse and buggy to convey him back to his home town. He also hired three local men to go back to the Granite state to work on his farm, but while the four were driving through North Chelmsford the wagon broke down and it is alleged that Alphus caused a disturbance. He was ordered to pay a fine of five dollars, after receiving instructions to keep out of Lowell in the future.

U.S. POSTAL PENSION BILL

Now Before Congress May Pass This Year—Men in Local Office Would Come Under it

The post office employees of this city are deeply interested in a bill now before congress, which has to do with the retirement of postal employees on pension after having served Uncle Sam for a certain period of time.

A bill of this nature has been presented for enactment for the past four years but in every instance the measure was killed. However, this time it is believed that the bill will go through. The measure is being introduced by Congressman Hamill of New Jersey. It calls for the retirement of postal employees, if they so desire, after 20 years in the service, the amount of the pension to be from forty to fifty per cent of the salaries received according to the length of service. Included in the bill is also a clause for the retirement of employees who become disabled, the pension to be paid to be 30 per cent of the annual salary of the party involved. The bill also states that no employee shall be retained in the service after arriving at the age of 70 years.

The carriers at the local post office, who have been in the service for 25 years or more, and who accordingly will be entitled to a pension if the bill is enacted are the following: Geo. W. Bulmer, Daniel S. Crowley, Henry J. Davis, John E. Evans, Charles A. Holden, William J. Lane, John F. Lynch, John F. Roane, John Slack and William H. Wood.

On the clerk list there are but two who would be entitled to retire and they are Hiram C. Gordon and William H. Howard.

COMMANDER OF U. S. S. DOLPHIN

Worcester Man Played Important Role in Tampico Incident

Men From His Gunboat Were Arrested by Mexican Federals

(Special Despatch to The Sun)
WORCESTER, June 13.—Lieut. Commander Ralph Earle of Worcester played an important role in the incident that brought about open hostilities between the United States and Victoriano Huerta. He is commander of the U. S. gunboat Dolphin. It was a ship's boat from the Dolphin whose men were arrested at Tampico and subjected to indignities which resulted in the demand for a "salute to the flag" by Rear Admiral Henry H. Mayo to whose fleet the Dolphin is assigned. The Dolphin was "in the river" at Tampico and had Admiral Mayo been ordered to take the city it would have been the Dolphin's guns that would have boomed first in the battle. Instead, the scene of action was shifted to Vera Cruz.

AMUSEMENT NOTES

B. F. KEITH'S THEATRE
Few persons can witness the frightful collision between two ferryboats in "Frisco Bay," as portrayed in "The Sea Wolf," at the B. F. Keith Theatre, without having recalled to their minds accounts of recent sea disasters. So real seems this portion of the picture that audiences are gripped as they seldom have been before. The staging of Jack London's wonderful novel was carried on regardless of expense, as will be readily imparted to the observer. Robert Bosworth, as Larsen, the Wolf, gives an ideal impersonation of the half brute, half intellectual. It is wonderfully well done, and stands as the best motion picture characterization ever shown here. Seats for 10 cents, with a few at 15 cents. Tomorrow special Sunday entertainment will be given. "The Banker's Daughter," Monday, Tuesday and Wednesday.

MERRIMACK SQUARE THEATRE
In the selection of that wonderfully interesting dramatic offering, "Life's Shop Window," for next week's attraction.

CORPUS CHRISTI FEAST

Will be Celebrated by Impressive Processions in the Catholic Churches Tomorrow

The solemn celebration of the feast of Corpus Christi—instituted in honor of the blessed sacrament—will be held in most of the Catholic churches of Lowell tomorrow, the special feature being a procession attended by the parish societies and sodalities and followed by the benediction of the blessed sacrament. The sacred host is carried in this procession, and in some of the parishes temporary altars are erected in the open and pauses are made in the procession for special devotions. Usually the Corpus Christi procession is the most elaborate of the year, including flower girls, acolytes, choristers, and many beautiful and impressive symbolic features. In some cases the church grounds are beautifully decorated, and the scene when the procession passes through with its lights, flowers and colors is one long to be remembered.

St. Patrick's
The Corpus Christi procession at St. Patrick's church will take place immediately after vespers which will be held at 8 p. m. All of the parish societies and sodalities will participate but the chief feature, as in the past, will be the students of Notre Dame, who always enter the spirit of the event and reflect credit on the school for their fine appearance. The procession will form on the grounds of the academy and then in all its beautiful symbolism will march through the gaily decorated church grounds into St. Patrick's where benediction of the blessed sacrament will be given.

St. Peter's
The procession at St. Peter's will form immediately after the 11 o'clock mass, passing out into the streets immediately after vespers and back into the church. Over 200 children will take part together with the many parish sodalities and societies. The regular and sanctuary choirs have been rehearsing a special musical program for the occasion for many days.

Immaculate Conception
At the church of the Immaculate Conception the Corpus Christi procession will be held at 8:30 p. m. Among those in line will be the children who have just made their first communion, the members of the Children of Mary, the Junior Holy Name society and the members of the Immaculate Conception sodality. Members of the senior branch of the Holy Name society will have charge of the park during the procession, which will march through the church grounds.

On Sunday, June 21, Rev. James Gorman, S. J., of this city will celebrate his first mass at the Immaculate Conception church at 11 o'clock.

Tewksbury Novitiate
At the novitiate of the Oblate Fathers, Tewksbury, an open-air procession will be held tomorrow afternoon at 2:30 p. m. attended by the fathers, brothers, members of the Holy Name society of Tewksbury, junior and senior branches, members of the Holy Rosary sodality, Holy Angels sodality, and the other parish societies. The procession will be followed by benediction of the blessed sacrament and a sermon in the open-weather permit. The sermon will be preached by Rev. John P. Flynn, O. M. I., of the Sacred Heart church, Lowell. If the weather proves unfavorable, the service will be held in the church.

LAKEVIEW PARK
Two Band Concerts Will Be Given on Sunday at Lakeview Park by the Lowell Military Band.

BIG MOTOR-PACED RACE
Famous Riders in 30 Mile Event at Revere Cycle Track—Record in Danger

With Clarence Carman, Leon Didier and Elmer Collins, three of the fastest men behind machine pace, taking the mark in the three-cornered, 30-mile motor-paced race at the Revere cycle track tonight, the record for that distance is in danger.

Carman is especially anxious to hang up a new mark for the distance. He is the present holder of the ten-mile record and considering the surprising form he has shown of late it would not be at all surprising to see him approach new figures. A record is not the only thing that Carman has in sight, however. He is out to beat Didier again. The Jamaica Cyclone is the only rider who has beaten the French champion since the latter anchored on these shores.

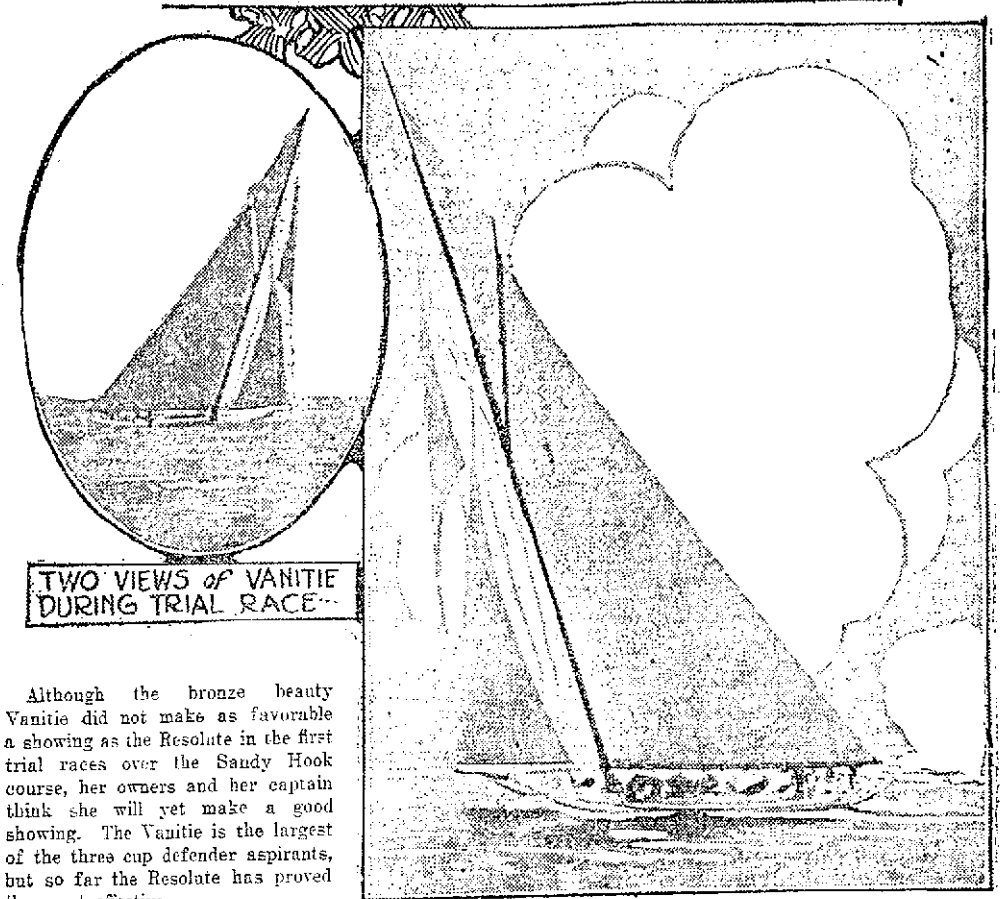

In this matter, the beach fans are from Missouri. They've got to be shown. Didier has convinced them that he is one of the speediest paced men in the game today and after the ease with which he disposed of Wiley and some of the other stars of the beach they can hardly believe that Carman has a victory to his credit over the Parisian.

Collins has maintained a hard, steady grind in practice all this week and claims that he will show something different than he has been showing when he takes the track tonight.

BRONZE BEAUTY VANITIE EXPECTED TO MAKE BETTER SHOWING IN LATER TRIALS

TWO VIEWS OF VANITIE DURING TRIAL RACE

Although the bronze beauty Vanitie did not make as favorable a showing as the Resolute in the first trial races over the Sandy Hook course, her owners and her captain think she will yet make a good showing. The Vanitie is the largest of the three cup defender aspirants, but so far the Resolute has proved the most effective.

BOY STRANGLED TO DEATH

Shoestrings Tied About Maine Lad's Neck by Two Small Boys Who are Now Held for Murder

FRESQUE ISLE, Me., June 13.—Two small boys, Louis and Herbert Cote, were arrested yesterday and will be given a preliminary hearing today on the charge of murder on account of the death of Herley Webb, aged 11, who, with a companion, Victor Porter, was attacked Thursday while fishing.

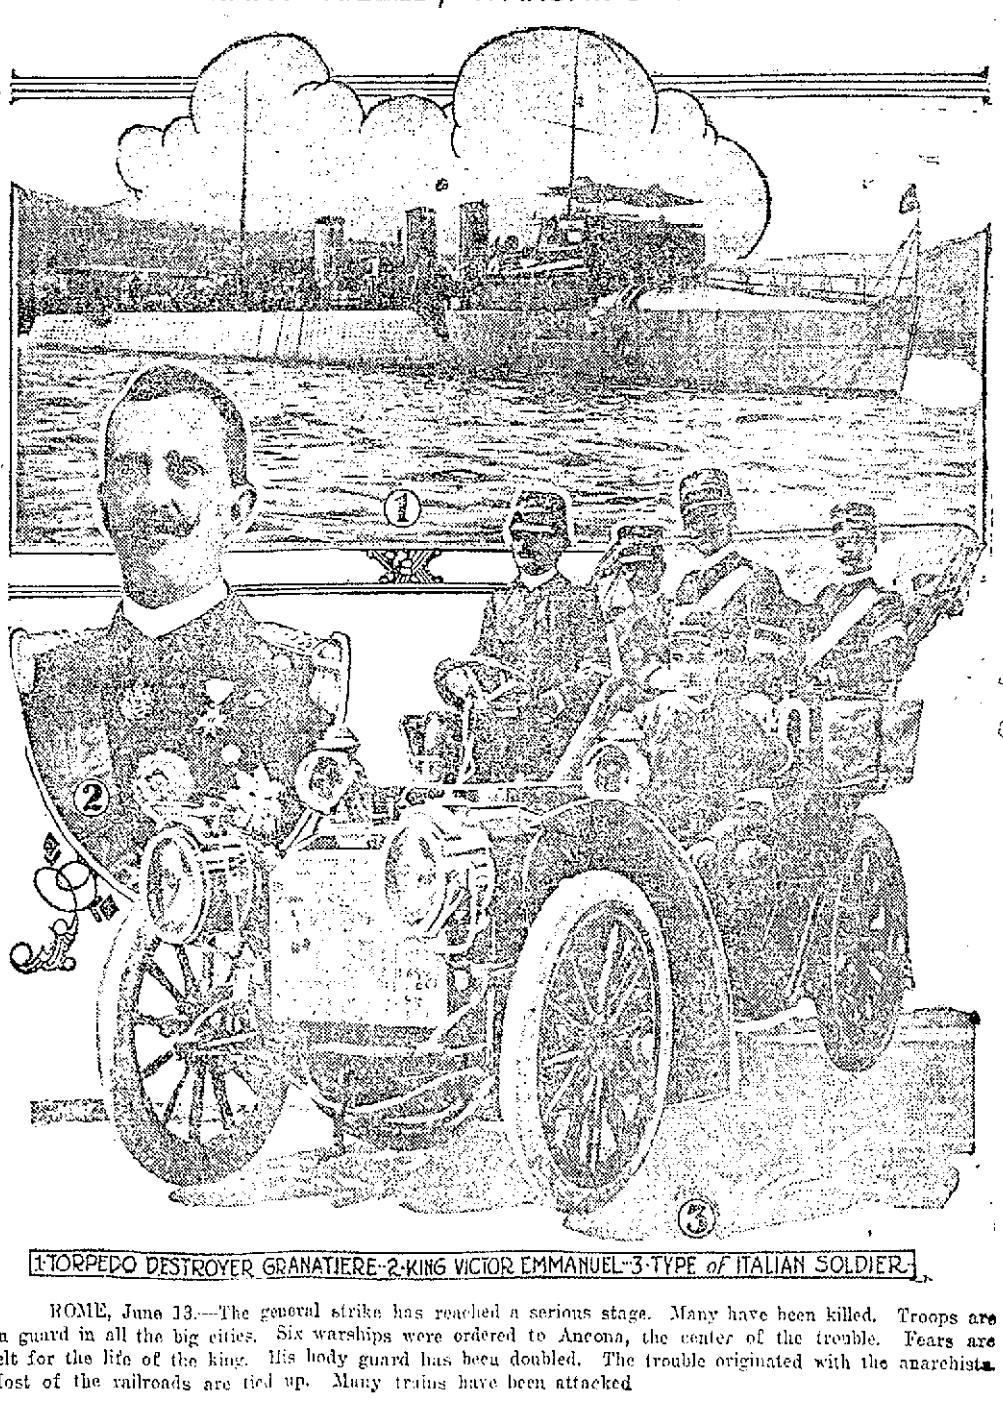

The coroner's jury rendered a verdict that Webb died of strangulation at the hands of the Cote brothers by shoestrings tied about his neck.

Victor Porter, aged 13, who testified that he was also bound and nearly strangled, was the principal witness. He said that while fishing with Webb, two boys they did not know, but whom he identified as the Cote children, came along and remained for a time, sharing their lunch. Later, according to Porter, the strangers made them take off their clothing and threatened to stab them.

Porter said he and Webb were pushed into the brook after their hands and feet were tied. When Porter crawled out he was ticked in the face, he said, causing his nose to bleed. He told the jury that Louis Cote said: "You will bleed worse than that before I get through with you." The witness said he fell asleep or became unconscious, and when found by two children, who were gathering greens, his face was severely swollen from the effects of a string which had been tied tightly about his neck.

Louis Cote's age is 14 years and that of his brother Herbert 9.

Opening Game in Polo Series Between England and American Fours at Meadowbrook Club

WESTBURY, L. I., June 12.—Society of polo players and the casual spectators, thousands all told, turned toward the Meadowbrook club today to witness the opening game of the international polo series.

The fours of England and America were to do battle on the springy green of the club grounds for the international challenge cup. Six matches have heretofore been played for the trophy and each nation has won three of them. This time, however, as has been the case before in recent years, the Britons came as the challengers.

Before the game the Americans ruled strong favorites at odds of ten to six. The lineup follows:

England—No. 1, Captain H. A. Tompkinson; No. 2, Captain L. St. G. Cheape; No. 3, Major F. W. Barrett; back, Captain Vivian Lockett.

America—No. 1, Rene LaMontaigne; No. 2, J. M. Waterbury; No. 3, Devereux Milburn; back, Lawrence Waterbury.

Referee, Louis E. Stoddard; umpires, Joshua Crane, Boston and Keith B. Mackham, Cairo, Egypt. Goal umpires—Dr. H. A. Southern and Frank Forrester for America; and Spencer Fish and Frank S. Drake for England.

The excursions to the Meadowbrook club began early. Long before noon the roads leading to Westbury and Hempstead were crowded with automobiles. As the long line of cars approached the playing field the roads became con-

BIG BALLOONS MISSING

No Trace of the Three Balloon Parties Who Left Portland, Ore. in Long Distance Race

PORTLAND, Ore., June 12.—At 10 o'clock Thursday night going up Mill creek canyon, 20 miles southeast of Portland, and in the most desolate part of Clackamas county. This is the first clue to the probable whereabouts of one of the missing balloons. The report came from ranchers. Acting thereon a rescue party left Portland early today. All of the carriers pigeons taken by the three balloons have now been accounted for but one. Its owner believes this one has not disaster.

With Captain Jerry in the Million Population club when it left Portland was George V. Morrison of Portland. Captain John Watts in the Kansas City III, had Roscoe Fawcett, a special writer, as assistant, and Wilbur Henderson of Portland accompanied Roy Donaldson in the Springfield.

The fourth balloon, Uncle Sam, landed a few hours after the start, 37 miles from Portland.

Manual Training at High School Aply Conducted by Principal Truby

North Chelmsford is noted for its fine school system, especially the high school which was until a few years ago given over entirely to academic work. It now embraces an industrial department which is considered second only to the industrial department of the Fitchburg high school. This school differs from the North Chelmsford high school in that it has the latest in equipment. The industrial course was introduced in the North Chelmsford high school immediately upon the election of Principal Truby by who has made a particular study of industrial schools throughout the country, and the excellence of his work is shown in the work of the pupils.

At present the class room is equipped with fourteen carpenter benches which although entirely inadequate will have to do for the present school term. The work that has been turned out by the boys is simply wonderful. They do all the repairing that needs to be done around the school building and have just completed partitioning off the basement. The quality of the work would have done credit to skilled craftsmen. The benches in the workshop were made by them and they keep the furniture in their houses in repair. These industrious youths have repaired 100 chairs this season. One of the boys, a lad about 15 years of age, was seen yesterday afternoon by a Sun reporter on his way home with a cellar window frame which he had made under his arm. The town has saved many dollars in inaugurating this industrial system in which the pupils do all repair work.

Principal Truby in an interview with the Sun reporter said: "I have a plan in mind which I think will help greatly the congested condition of the school. My plan is to build a wonderful structure on a corner lot of land be-

Auto Struck by Train at Grade Crossing in Ripley, N. Y.

RIPLEY, N. Y., June 12.—Three men were instantly killed today when an automobile in which they were riding was struck by a fast Lake Shore railroad passenger train at a crossing here. Two men riding with them jumped from the car and escaped injury.

The dead: Frederick B. Bird, George Bird, his son, and Otto G. Walker of Dunkirk. The automobile was driven by the older Bird.

THE HEAT WAS FATAL

HOTTEST JUNE 12TH IN BOSTON IN FORTY YEARS—TWO DEATHS YESTERDAY

BOSTON, June 12.—Yesterday's maximum temperature was 91.4, but as the weather bureau disregards the fraction, unless it constitutes half a degree, the record is given as 91, which was also the record of Thursday. The highest figure Wednesday, the first day of the hot spell, was 88.

Two were added yesterday to the death roll from heat. They were Thos. Allen, aged 22, of 29 Lynde street, found dead in a cell at East Dedham street police station, and James Murphy, aged 78, a veteran from the Soldiers' home, Togus, Me., found dead in bed at the Merrimac house.

GREECE TAKES ISLANDS

HELLENIC GOVERNMENT IGNORES TURKEY'S CONTENTION—WAR NEAR

ATHENS, Greece, June 12.—Formal announcement of the annexation of the Turkish islands of Chios and Mytilene by Greece was gazetted today. The Hellenic government thus further emphasizes its determination to ignore Turkey's contention that the possession of these islands was necessary for the defense of the adjacent Ottoman territory in Asia Minor.

In diplomatic circles here it is feared that this action of the Greek government at the present moment when the tension between the two nations is so great may be regarded as especially provocative by Turkey and force a crisis.

SEARCH FOR SUCCESSOR TO MEXICAN DICTATOR

The Mediating Colony Turns Thoughts From Diplomatic Forms and Protocols to Questions of Personnel for the New Provisional Government

NIAGARA FALLS, Ont., June 12.—The mediating colony turned their thoughts today from diplomatic forms and protocols to question of personnel for the new provisional government of Mexico. They began the search for a successor to Huerta who shall be acceptable to all factions, capable of pacifying Mexico so that a constitutional election may be held.

A man of unusual qualifications is sought. He must be without violent prejudices who can conserve the interests of the Huerta followers as well as the constitutionalists.

Sign First Protocol

The mediators and delegates felt today that they had accomplished much by the signing of the first of the series of protocols. In this document the American and Mexican delegates as well as the Brazilian and Chilean entered into an agreement for the transfer of power from the hands of General Huerta to the new provisional president in the following manner:

Constitutional President

A government is to be constituted in Mexico of a character to be later provided which shall be recognized by the United States and the countries represented by the mediating plenipotentiaries, Argentina, Brazil and Chile. The date to be fixed—and which from that day forward shall exercise public functions until there shall be inaugurated a constitutional president.

Another protocol will deal with the personnel of the new provisional government and set forth that the new executive shall be installed after being recognized by Mexico, national and including all political parties. The Mexican delegates are anxious that some clause be written in one of the protocols by which it shall be emphasized that the new president is to be recognized by interior Mexico, as well as foreign nations.

Renunciation of Huerta

The purpose of this is to make this consistent for General Huerta to resign in accordance with his declaration of renunciation, namely, that he would retire when Mexico was politically pacified.

This was explained by the Mexican delegates as meaning not material pacification of the country but an agreement as a result of the mediation which all political factions would accept.

Pedro Lascruain Mentioned

These points will be worked out in future conferences but for the present attention is centered on the individual. The name of Pedro Lascruain, minister of foreign affairs when Madero was forced to resign is being mentioned as a possibility, but it is known that he

NEW PLAN TO SOFTEN LEATHER

Important Invention Perfected by Foreman John E. Sullivan

Being Used With Success at Plant of Barry Shoe Co.

J. E. SULLIVAN Inventor

An invention of great importance to the shoe industry has been perfected by John E. Sullivan, foreman of the making department of the W. J. Barry Shoe Co. of this city. The invention consists of a blacking, which when applied, makes the coarsest of leather soft and pliable, and which after one application will make the leather take to a beautiful grain. The rights of this invention were disposed of this morning by Mr. Sullivan.

Mr. Sullivan's rise in the shoe business has been rapid. Starting at the early age of thirteen in the W. D. Brackett shoe firm of North Adams, Mass., his work soon attracted the attention of his employers. They at once showed an interest in the boy and gave him a good chance to acquaint himself with the business. At the age of nineteen he was promoted to the position of foreman, a position which although at that time was not much coveted, his ability in shoe management was the occasion of considerable favorable comment and he was much sought after. He accepted several offers for the purpose of acquiring greater knowledge of the art of shoe manufacturing. Some of the concerns by whom he has been employed are as follows: A. C. Webster Shoe Co., manufacturers of men's and boys' shoes of North Adams; J. M. O'Donnell Co. of Brockton, manufacturers of ladies' and gentlemen's high grade shoes; W. H. McElwain Shoe Manufacturing Co. of Rochester, N. H., the largest manufacturer of men's, boys' and youths' shoes in the world; A. J. Bates and Webster Shoe Co. of Dover, N. H.; The W. J. Barry Shoe Co. of this city. Finally secured his services. On coming here Mr. Sullivan was put in charge of two of the largest departments in the shop. His work has helped materially in elevating the

BIG STORE OUTINGS

WILL BE HELD THURSDAY JULY 16TH, WHEN ALL WILL CLOSE

The clerks of the various department stores of this city are planning for their annual outings which will be held on Thursday, July 16, and next week each store will have decided to the resort where each individual outing will be held.

In previous years some stores held their outings in July while others waited until August, but this year a movement was started by some of the clerks to have all the department stores close on the same day and Thursday, July 16, was decided upon and the following stores have agreed to close for the day on the above date:

A. G. Pollard Co., Bon Marche, Gilbride's Dry Goods, A. L. Brous, J. L. Chaffoux Co., Cook, Taylor Co. and the New York Clock and Suit store. It is believed that within a few days other stores will also fall in line and make the day a general holiday for all store employees.

Next week the various clerks associations will hold meetings and decide as to the place where their respective outings will be held, and it is believed that most of them will again select seashore resorts.

NEWS OF ACCIDENT IN MID-AIR RECEIVED BY CARRIER PIGEONS AT PORTLAND, ORE.

PORTLAND, Ore., June 12.—"Million Population" balloon struck by lightning badly hurt. Lost in woods—Morrison, ad.

This message brought to the headquarters of the Oregon Homing Club by a carrier pigeon at 12:30 yesterday afternoon shows that disaster has befallen the mammoth balloon, "The Million Population Club of St. Louis," which started in the balloon race from this city at 4 p. m. Thursday and that Capt. John Berry, the famous aeronaut, is injured and lost somewhere in the forests, probably of the Cascade mountains, with George Y. Morrison of Portland, the young man who accompanied him on his flight. The message received is most indefinite, giving absolutely no information as to where the ill-fated air craft may be. It is believed, however, that they are somewhere in the dense forests of the west slope of the Cascades southeast of this city, as the balloon was traveling in this direction at 12:30 o'clock when last seen by a high elevation. The balloon, Uncle Sam, was last named was landing some miles southeast of Oregon City at 1:30 o'clock last night after having been partly wrecked by an electric storm.

EXPLOSIONS STIR TOWN

Safe in Postoffice at Reeds Ferry, N. H. Blown, Open and Robbed Early This Morning

REEDS FERRY, N. H., June 12.—Explosions which brought nearly all the residents of this village half dazed to the vicinity of the postoffice early today were explained when it was found that the safe had been blown open and robbed of \$25 worth of stamps. Those first on the scene saw four men hastening toward the railroad tracks. The burglars, who escaped, overlooked a considerable amount of cash.

MANGLED BY TRAIN

BOSTON WOMAN INSTANTLY KILLED WHILE ON VISIT TO PORTLAND, ME.

PORTLAND, Me., June 12.—Mrs. Eliza D. Ziegler, wife of Alfred Ziegler of 1 Ellis street, Roxbury, was killed instantly by a train at Woodford station, Portland, yesterday.

Mrs. Ziegler, who was 79 years old, became confused and stepped in front of an incoming train on the Worcester, Nashua & Portland division of the Boston & Maine. The train was but a few feet away and bystanders were unable to save her. The body was mangled terribly.

Mrs. Ziegler came to Portland the first of the week and had visited her niece, Mrs. Bartlett A. Dow of 59 Irving street. She was on her way to visit a sister at Alfred, Me., with whom she had planned visiting her old home in Dayton, on the Seacoast river. The accident happened shortly after 6 o'clock yesterday afternoon. Her family in Boston was notified of the death last night and arrangements made to send the body to Roxbury for burial. Coroner Martin assumed charge of

SHOULD READ 25 CENTS

In the advertisement of Liggett's (Hall & Lyon) store, which appeared in yesterday's Sun, "Georgia Rose Talcum Powder" was advertised at 15 cents a box. This should have read 25 cents a box. "Georgia Rose" talcum powder has the fragrance of the "American Beauty" rose and is extremely soft and velvety.

POLICE SCATTER MILITANTS

LONDON, June 12.—The suffragettes made preparations for a demonstration in the National horse show this afternoon, but their procession was allowed to get as far as the Albert hall only, on the way to Olympia, when the police interfered and scattered it.

PRESIDENT WILSON WAS SLAPPED ON THE BACK

Greeted Uproariously by Huge
Crowd of Princeton Alumni and
Undergraduates — Was Called
"Tommy" by Old Classmates—
Parades Followed Reception

PRINCETON, N. J., June 13.—Greeted uproariously by a huge crowd of Princeton alumni and undergraduates yelling "Locomotives" and singing old songs, President Wilson, Princeton '79, returned to his alma mater shortly after noon today for the annual alumni day celebration.

For the day the president was "Tommy" to the 55 members of the class of '79, who returned for their 35th graduating anniversary. He was slapped on the back, cheered, hurried about and in every way treated as little like a president of the United States was possible. Waiting at the station was a crowd of several thousand persons, many of them dressed in fantastic costumes for the "alumni parade" which followed later. Some wore plain dominoes, some were dressed as playing cards, others as sailors, and others in every conceivable kind of costume.

As Mr. Wilson stepped from the train A. W. Halsey of New York, president of the class of '79, and W. R. Wilder, New York, secretary of the class,

greeted him warmly. One of them handed him a hatband with a purple '79 on it, and another pinned a Princeton button on his coat.

At the same time a negro band started a Princeton song. A reception committee escorted the president through the university grounds to '79 hall.

Mrs. McAdoo, the president's daughter, also was greeted by many friends whom she knew when her father was president of Princeton. She was accompanied by Secretary McAdoo and Secretary Tumulty and Dr. C. T. Grayson, U. S. N.

As soon as the president arrived at '79 hall he was shown upstairs, where a buffet luncheon was served. Shortly afterward President Wilson of Princeton called to welcome him to the university. It was about the only touch of formality in the whole day's events.

After the luncheon the biggest spectacular event of the day, the alumni parade took place on the college campus. All the classes were massed in front of old North and from there marched to the baseball field with bands playing and with cheers ringing.

ANOTHER BANK CLOSED

Chicago Institution, With "Christmas Fund," Like Traders Was
Closed by State Examiner

CHICAGO, June 13.—A fifth state bank was closed today by the state bank examiner in connection with the disclosure of conditions in the LaSalle Street Trust & Savings bank. This, the state bank of Calumet, according to the examiner, completes the chain of what were known as the string of Lorimer-Munday banks in Chicago. In addition another state bank was forced to endure a run and a private bank went into the hands of a receiver.

William Lorimer, president of the LaSalle street bank, was said to be near a physical collapse from the strain of the developments of the last 24 hours.

The examiners worked steadily on the books of the LaSalle street bank, the Broadway state bank, the Illinois state bank, the Ashland-Twelfth state bank and the state bank of Calumet.

Approximately \$4,000,000 of deposits are tied up in the institutions affected. Scores of children were depositors in this institution. They had organized a "Christmas fund." Early today, bankbooks in hand, they crowded about the doors but of course could not get their money.

An echo of the closing of the LaSalle street bank was heard in the federal court when a receiver was appointed today for the Southwest savings bank owned by Louis J. Krejci. The private banker had \$4,000 in the LaSalle street bank and when he heard that was closed he suspended business.

Krejci declared he had sufficient means to meet all demands. Depositors in the International Trust & Savings bank, a state institution in the North side residence district in a steady stream withdrew their money. The bank officials who with examiners had gone carefully over the securities last night met all demands.

Fr. Amyot extended his thanks to the little folks for the reception and took occasion to congratulate them on the success achieved during the school term, and the event closed with the pastor bestowing his blessing upon the little ones.

Rev. Antoine Amyot, O. M. I., pastor of St. Marie's South Lowell, was tendered a reception by the children of the parochial school of his parish yesterday afternoon. The affair was held in the assembly hall over the church and was largely attended. A delightful program had been prepared by the teachers in charge of the school, Misses Emma and Antonette Crepeau, and the interpretation of each number by the children was most pleasing.

The first number on the program consisted of a chorus selection entitled "La Fete d'un Parent" sung in charming way by the children, the roles being sustained by little Misses Eva Marchand, Blandine Massicotte, Lora Pelletier and Master Camille Turcotte. A recitation, "Souhaits de Fete," was given by Willie Brun. Irene Mar-

BIG STEAMERS IN COLLISION AT SEA

Hamburg-American Liner Pretoria
Crashed Into American Liner New
York and Ripped a Hole 12 Feet
High and 32 Feet Long in Her Port-
side—Pretoria's Anchor Was Torn
From Her Bow

ON BOARD S. S. NEW YORK, by wireless, via Siasconset, Mass., June 13.—While the American liner New York, westbound, was stopped dead as a result of a heavy fog 400 miles east of Ambrose lightship early today, the Hamburg American liner Pretoria, bound east, ran into her and ripped a hole 12 feet high and 32 feet long in her port side. The hole is flush with the main deck and is 15 feet above the waterline. So great was the force of the collision that the Pretoria's anchor was torn from her bow and left hanging inside the gap that had been torn in the New York. Practically all of the passengers on both ships were asleep.

Urged to Be Calm
Immediately after the collision the engines of both ships were ordered

full speed astern and then the passengers came hurrying to the decks. The passengers of the New York were able to reach over and touch the bow of the Pretoria as she pulled away from her dangerous position. There was no panic. Capt. Roberts and Chief Officer Turner were both on the bridge at the time of the collision. They assured the frightened passengers, many of whom hurried to the starboard side of the ship, anticipating a list to port, that there was no danger. Members of the crew also went among the passengers and urged them to be calm.

Upon the orders of Capt. Roberts the bulkheads of the New York were closed early this morning because of the density of the fog. At this time the Pretoria replied constantly to fog sirens blown by the New York.

New York Stopped Dead

Capt. Roberts blew two long blasts repeatedly for five minutes prior to the collision. These whistles indicated that

the New York had stopped. Suddenly there was a crash, succeeded by a sharp tearing sound as the steel plates and woodwork of the New York were shattered by the Pretoria's sharp bow.

Fortunately the watch which occupied the quarters behind that part of the ship which was crushed in was on duty in the stoke hold. Had the collision occurred while this watch was on duty a number of lives probably would have been lost. The Pretoria was less damaged by the collision than the New York. Several of the plates at her bow were sprung and twisted.

Passengers Laugh and Joke

After the passengers had been assured that they were in no danger they began to laugh and joke over the smashed-up costumes in which some of the travelers appeared on deck. The passengers refused to return to their cabins until daylight. After it was determined that no serious damage had been done to either of the ships they proceeded on their way.

ANOTHER ZEPPELIN AIRSHIP WRECKED

The "Z1", With Military Crew Aboard
Ran Into a Rainstorm and Fell to the
Ground—Eighth Disaster of Zeppelin
Airships

FIDENHOFEN, Germany, June 13.—Another of the Zeppelin airships of the German army, the Z 1, was badly wrecked near here today. While trying to effect an emergency landing the air cruiser broke at right angles behind the rear gondola. A lieutenant was injured.

The Z 1 with a military crew aboard ran into a rain storm and the commander ordered a descent. When the air vessel was within a few yards of the ground a sudden vertical gust of wind forced it violently to the earth and it broke in two. The airship will have to be entirely dismembered for repairs.

Today's accident to the Z 1 is the eighth disaster to Zeppelin airships by wreck, fire or explosion. In the case of the L 11, the entire crew of 25 officers and men was killed when the airship was burned in mid-air during its trial flight at Berlin. The L 1, her sister ship, had previously been caught in a storm in the North sea and fell into the water with a loss of 15 of her crew of 22.

FRED. FANNING AYER

LOWELL'S GREAT BENEFACTOR
VISITED LOCAL INSTITUTIONS
YESTERDAY

Frederick Fanning Ayer, of New York, one of Lowell's most generous public benefactors, though seldom seen in this city, came to Lowell yesterday to attend the funeral of his old friend and business associate, the late Jacob Rogers. After the funeral, Mr. Ayer who hasn't been in Lowell for a few years, was the guest of Dr. Charles E. Stowell, manager of the J. C. Ayer company who took him on a tour of inspection to the several local institutions which owe so much to his philanthropy. The tour included visits to the Lowell General Hospital, the Ayer Home and the Old Ladies' Home and there isn't any doubt that Mr. Ayer was impressed with the fact that his donations to these institutions were well met and have borne good fruit. Later he was entertained at the beautiful home of Dr. Stowell in Fairmount street and left for New York on a late train. While on account of his great business interests Mr. Ayer is unable to make frequent visits to this city, he keeps in close touch with its progress, and the fact that he seldom

AT SPALDING PARK

LYONS AND LAWRENCE MFG. CO.
TEAMS PLAY FOR \$100 PRIZE—
SOME EXCITEMENT

A red hot game with one hundred bucks as the incentive for the winning team was played at Spalding park this afternoon, between the Lyons and the Lawrence Mfg. Co. team and despite the fact that there were but 200 fans in attendance there was more enthusiasm displayed than is usually seen at a league game. The teams were made up of some of the pick of several of the best teams in the city and during the first two innings some great baseball was seen by the faithful. Babe Reeler held the indicator and he called the game at 3 o'clock. The batters were: For Lawrence Mfg. Co., Curry and Gannon; for Lyons, Laurent and Emery. Neither team scored in the first inning, but the Hobart team came across with two runs in the second, and their opponents failed to count in their half.

RIOTERS ATTACK MAYOR

HUTTE, MONT. EXECUTIVE WAS
KNOCKED UNCONSCIOUS WHEN
HE TRIED TO PROTECT HALL

HUTTE, Mont., June 13.—Rioting miners intent on wreaking vengeance on the officers of the union because of alleged mismanagement, attacked Mayor Frank Curran here today when he sought to protect the miners' union hall. The mayor was hurried to a hospital in an unconscious condition.

NOMINATED BY PRESIDENT
WASHINGTON, June 13.—The president today nominated Malcolm Franklyn of Columbus, Miss., for collector of customs for the district of Hawaii.

The many friends of Hercules Lamotte of Ford street will be pleased to learn that he is rapidly recovering from the operation he underwent at the Lowell hospital a couple of days ago. Mr. Lamotte has been suffering from blood poisoning for the past several months and it was feared that his right thumb would be amputated. The young man was taken to the hospital last Wednesday and the following day small bones were taken out of his thumb.

STRIKE IN ITALY

Government to Place
10,000 Troops in Dis-
turbed District

ROME, June 13.—The seriousness of the strike situation in Italy was indicated in a lengthy explanation given by Premier Salandra in the chamber of deputies today. He hinted that the government was prepared to suppress with a stern hand any revolutionary movement. His concluding phrases were:

"It would be a simple task for the government quickly to repress the disorders. Instead of doing this the civil and military authorities have been instructed to act with the greatest prudence in order to avoid bloodshed and to use caution to the utmost limit. Preparations for eventualities, however, have been made and ten thousand men will be placed in the disturbed districts today."

The premier declared the revolt at Ravenna to be of an anarchistic character and at Forlì the situation was almost identical. Means of communication in both provinces have been interrupted and the rioters are reported to have posted detachments to prevent the troops gaining access to the towns.

TROOPS ROUT STRIKERS
SALERNO, Italy, June 13.—An at-

tempt to invade the railroad station was made today by strikers but was repulsed by troops. The rioters then tried to obstruct the tracks with rocks and iron bars but these were removed by the police.

SOLDIER AND STRIKER KILLED
PARMA, Italy, June 13.—A soldier and a striker wounded in riots here today, both died afterward in the hospital.

STRIKERS ATTACK TRAIN
NAPLES, June 13.—Strikers today attacked a train on the way to Salerno and wounded one of the passengers. They set fire to one of the cars and the signal boxes nearby.

OPEN MUTINY IN SCHOOL

Pupil Charged With Attacking Teacher — Principal Received Black Hand Letter

DENNIS, June 13.—The rebellious pupils in the schools of West Dennis and Dennisport, who began the year by forcing Mrs. Darling, the principal of the grammar school at West Dennis, to resign, have come to the end of the year in an open mutiny against the high school principal, with a Black Hand letter feature which may bring the federal authorities into the middle. A pupil in the high school is to be sought on a warrant charging juvenile delinquency as a result of an alleged assault.

The most recent episode began Thursday, May 28, when Aubrey Handy, one of the pupils in the high school, shoved his movable desk out of position, according to Louis B. Raycroft, the assistant to the state treasurer, who is also chairman of the Dennis school committee.

Principal Fred L. Sawyer took the boy by the shoulder, and young Handy said, "Take your hand off me!"

Upon this, Mr. Sawyer, who is an old Harvard athlete, gave him a shaking. At recess he undertook to talk to the boy again, and the same thing occurred.

This time, while the shaking was going on, Leroy Phillips, another pupil from West Dennis, came into the room and, it is alleged, picked up a chair and swung it on the principal, striking him in the back. When Mr. Sawyer looked around, Phillips was standing by with an open jackknife in his hand. It is claimed.

Threatening Letter

"Even then," Mr. Raycroft said yesterday, "Mr. Sawyer was disposed to take matters easily. The parents of both boys were notified, apologies were made and Phillips apologized before the school. Mr. Sawyer regarded the incident as closed."

"I happened to hear of it, however, and immediately wrote out a complaint against Phillips. This letter was suspended, for he was found to be under 17. A new one is being drawn

WILLIAM ST. ROW

Resulted in Jail Sentences in Police Court—Other Cases

As a result of a row which occurred on William street last evening, Stanislaw Kertles and John Marowski were brought into court this morning and after their cases were tried the former was sentenced to the Lowell jail for three months for drunkenness and for the same term for assault and battery upon one John Kostwick, while the latter was sent to the house of correction for four months for drunkenness.

Each of the defendants pleaded not guilty to the charge. Patrolmen Conney and Patrick Clark testified that they were called to a tenement house in William street about 10:15 o'clock last evening where it was alleged a stabbing affray had taken place. Upon searching the premises the officers found the complainants and he took them to a room occupied by Stanislaw Kertles, who, it is alleged, stabbed Kostwick with a knife. But when the guardians of the peace opened the door to enter Stanislaw's room they saw him jump out of the window and a moment later he was on the roof.

Both of the police officers testified that they ordered him to come down but he refused and sat with a knife in his hand, stating that if anyone bothered him he would do harm. The man remained on the roof for nearly two hours. Each time an officer started to climb up one side of the house the much wanted man would run to the other side as a crowd of his fellow countrymen stood on the ground giving him instructions. After a time about twelve men were on the roof and he started to give chase but Stanislaw still showed resistance and when there was nothing else to do he jumped from the roof with intentions of landing on another roof but he missed it by about three feet and fell to the ground where he was arrested by Officers Clark and Conney.

When this man was taken care of a hunt was started for John Marowski, who was intoxicated and was very boisterous. He was found in a short time but when he saw the officers were determined to arrest him he ran into the house and grabbing a small knife in his hand refused to show himself. However, the police gained entrance to the room and by using clubs succeeded in releasing the man from his arms and he was also taken to the station.

In court this forenoon the man admitted having drunk a little beer yesterday but neither admitted that he was drunk. But the testimony of the arresting officers and that of a fellow countryman was sufficient to satisfy the court of their guilt and direct sentences were imposed. Marowski appeared in his defense and the sum of \$200 for his appearance in superior court.

A young man, who gave his name as Cezar Pangloss, caused considerable trouble in the vicinity of Adams street yesterday while being chased by two police officers when he took a .38 caliber revolver from his pocket and firing it into the air fell to the ground, groaning and crying, apparently hurt, but an examination did not disclose any injuries, and he was taken to the police station charged with carrying a loaded pistol without a permit. He pleaded guilty before his Honor in court today but the case was continued till Monday for sentence.

While Patrolmen Dwyer and Conney were walking along Adams street about 5 o'clock last evening they heard loud talking in an alley and a moment later saw a man run down Adams street. They followed and when within a few feet of him he fired the shot and the man ran. The man was not hurt and he went to the police station instead of to the hospital.

Two second offenders were fined \$10 each and a few releases by the probation officer.

Sumner I. Brown was present in police court this forenoon on two complaints, charging him with drunkenness and assault and battery upon Police Officer Joseph A. Clark, who patrolled the vicinity of Bridge street. He pleaded guilty of the first charge only, but on the evidence of two policemen he was found guilty and sentenced to the house of correction for three months for drunkenness and to the house of correction for two months on the assault complaint.

Patrolman Clark testified that he found the defendant on Bridge street early yesterday morning, pushing passersby off the sidewalk and challenging them to fight. The witness stated that Brown attempted to arrest Brown the latter fought for some time and struck him on the face twice. Officer Whitworth corroborated part of the former witness' testimony, and said that Brown was in a fighting mood all the way down the street.

The defendant made a long plea for another chance to follow the straight and narrow path, telling the court that he was released from jail only last Saturday. He said that he was doing no harm when Officer Clarke stepped up to him and placed him under arrest. He had appeared four times within a year for drunkenness and he was given a five months' sentence to the house of correction.

Alphus B. Hamlett yesterday came to this city from Meredith, N. H., and while here bought a horse and buggy to convey him back to his home town. He also hired three local men to go back to the Granite state to work on his farm, but while the four were driving through North Chelmsford the wagon broke down and it is alleged that Alphus caused a disturbance. He was ordered to pay a fine of six dollars, after receiving instructions to keep out of Lowell in the future.

DON'T SHIFT UMPS—Fred Clarke is not in favor of umpires alternating behind the bat and on the bases. He says they should stay in one place. "Why," argues Clarke, "it's just like switching a shortstop and first baseman. Umpires are rotten enough, and they need to stay in one position all the time in order to get the practice."

WILSON AT PRINCETON—PRINCETON, N. J., June 13.—President Wilson and his party arrived here shortly after noon to take part in a class reunion.

U.S. POSTAL PENSION BILL

Now Before Congress May Pass This Year—Men in Local Office Would Come Under it

The post office employees of this city are deeply interested in a bill now before congress, which has to do with the retirement of postal employees on pension after having served Uncle Sam for a certain period of time.

A bill of this nature has been presented for enactment for the past four years but in every instance the measure was killed. However, this time it is believed that the bill will go through. The measure is being introduced by Congressman Hamill of New Jersey. It calls for the retirement of postal employees, if they so desire, after 30 years in the service, the amount of the pension to be from forty to fifty per cent of the salaries received according to the length of service. Included in the bill is also a clause for the retirement of employees who become disabled, the pension to be paid to be 50 per cent of the annual salary of the party involved. The bill also states that no employee shall be retained in the service after arriving at the age of 70 years.

The carriers at the local post office, who have been in the service for 25 years or more, and who accordingly will be entitled to a pension if the bill is enacted are the following: Henry W. Bulmer, Daniel S. Crowley, Henry J. Davis, John Ewing, Charles A. Holden, William J. Lane, John P. Lynch, John P. Roane, John Slack and William H. Wood.

On the clerk list there are but two who would be entitled to retire and they are William C. Gordon and William H. Howard.

A special examination for clerks and carriers will be held in this city on Saturday, June 27, but why a special examination will be held is not known. As a rule the postoffice examinations are held in November, but for certain reasons known to the U. S. civil service commission only, the 1913 examination was omitted. A few days ago an order was issued to the effect that a special examination would be held in cities of this district, which includes Lowell, Lawrence, Haverhill and Holyoke, on June 27.

Postmaster Crowley went to Boston to learn if possible why the examination would be held and he was informed that the civil service commission had decided upon the said examination and that settled it with the postmaster, who informed the writer this morning that he has an eligible list of 39 carriers and 12 clerks from the last examination in the event of appointments being made and he is at a loss to understand why an examination is called for. Some believe that the examination will be held in anticipation of the enacting of the Hamill pension bill, which will give about twelve local employees a chance to retire at half pay and accordingly open 12 new vacancies in the event of the men retiring.

PAY SUFFERS FOR OUTRAGES

"Martyrs" to Cause Hired by Militants to Committ Outrages—Queen Mary to Quit London

LONDON, June 13.—That many of the "martyrs" who committed outrages against English society had been hired at wages of from \$7.50 to \$10 a week by the militant suffrage organization, was the charge made by Reginald McKenna, the home secretary, in the house of commons on Thursday.

Mr. McKenna then said: "Many of these women are hysterical fanatics who are possessed of a courage that would risk anything. Many of them want to die to gain what they believe to be martyrdom, and they are ready to do anything to achieve their ends. They are a danger to the state and to the peace of the country."

Queen Mary to Quit London if Militant Demonstrations Continue

LONDON, June 13.—Queen Mary has decided in case of further suffragette demonstrations in the vicinity of royalty to quit London abruptly and leave King George to deal the season alone, according to a person in close touch with the court.

The queen is represented as being a condition of nervous apprehension. She is said to have no intention of leaving her residence to be made unhappy by those she habitually calls "traitors." Should her royal highness be forced to carry her threat into execution the step will create an unparalleled social sensation.

MILITARY MEN SEEK PROMOTION

It is stated that Capt. Colby T. Kittredge of the paymaster's department of the National Guard and Capt. James D. Greig, of Company K, and both of this city, are in line for promotion in the U. S. A.

Through the death of Col. Cyrus H. Cook the colonel's position is made vacant and it is believed that Lieut. Col. Sweetser will be the choice of the new adjutant general, Charles H. Cole. Major Franklin G. Taylor of the First Battalion has retired and the candidates mentioned for his position are Capt. William G. Pond, Co. M, Milford, and Captains Kittredge and Greig of this city.

HOSIERY TO CLOSE

Notices were posted yesterday at the Ipswich hosiery, Middlesex mill, to the effect that a part of the plant will close from June 27 to July 13, while the other part of the hosiery will close on July 3 and 13, this to be the annual summer vacation at the mill.

COTTON CONSUMPTION

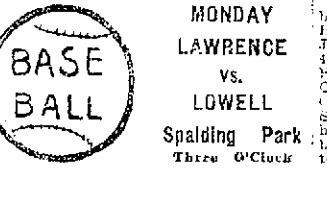

WASHINGTON, June 13.—Cotton consumption during the nine months ending May 31 amounted to 4,290,755 running bales compared to 4,147,452 bales during the same period of the previous year, the census bureau announced today. In the same time cotton exports amounted to 5,470,500 bales compared with 5,106,165 bales last year; that imported amounted to 150,413 bales of 500 pounds each against 202,345 bales last year.

1920 OLYMPIC GAMES

PARIS, June 13.—A request that the Olympic games in 1920 be held at Antwerp was today presented to the Olympic committee by a delegation of representatives from the city of Antwerp and Count D'Assche, who came on behalf of King Albert.

COMMANDER OF U. S. S. DOLPHIN CORPUS CHRISTI FEAST

Worcester Man Played Important Role in Tampico Incident

Men From His Gunboat Were Arrested by Mexican Federals

(Special Despatch to The Sun)

WORCESTER, June 13.—Lieut. Commander Ralph Earle of Worcester played an important role in the incident that brought about open hostilities between the United States and Victoriano Huerta. He is commander of the U. S. S. gunboat Dolphin. It was a ship's boat from the Dolphin whose men were arrested at Tampico and subjected to indignities which resulted in the demand for a "salute to the flag" by Rear Admiral Henry T. Mayo to whose fleet the Dolphin is assigned. The Dolphin was the "river" at Tampico and had Admiral Mayo been ordered to take the city it would have been the Dolphin's guns that would have boomed first in the battle. Instead, the scene of action was shifted to Vera Cruz.

COMMANDER RALPH EARLE

Lieut. Commander Earle writes letters to his Worcester home regularly but his family refuse to divulge what they contain. One humorous extract was learned, however. A letter received here after the battle of Vera Cruz had been fought and was asked whether or not the people of Worcester had heard anything about the incident of the arrest of the Dolphin's boat crew at Tampico. For days the story and its consequences had been emblazoned in glaring headlines across the front page of every newspaper in the country.

Will be Celebrated by Impressive Processions in the Catholic Churches Tomorrow

The solemn celebration of the feast of Corpus Christi—instituted in honor of the blessed sacrament—will be held in most of the Catholic churches of Lowell tomorrow, the special feature being a procession attended by the parish societies and sodalities and followed by the benediction of the blessed sacrament. The sacred host is carried in this procession, and in some of the parishes temporary altars are erected in the open and special devotions usually the Corpus Christi procession is the most elaborate of the year, including flower girls, acolytes, chorists, and many beautiful and impressive symbolic features. In some cases the church grounds are beautifully decorated, and the scene when the procession passes through with its lights, flowers and colors is one long to be remembered.

St. Patrick's. The Corpus Christi procession at St. Patrick's church will take place immediately after vespers which will be held at 2 p. m. All of the parish societies and sodalities will participate but the chief feature, as in the past, will be the students of Notre Dame, who always enter the spirit of the event and reflect credit on the school for their fine appearance. The procession will form on the grounds of the academy and then in all its beautiful symmetry will march through the gaily decorated church grounds into St. Patrick's where benediction of the blessed sacrament will be given.

St. Peter's. The procession at St. Peter's will form tomorrow after the 11 o'clock mass, passing out into the streets immediately surrounding and back into the church. Over 200 children will take part together with the many parish sodalities and societies. The regular and customary church grounds into St. Peter's where benediction of the blessed sacrament will be given.

Immaculate Conception. At the church of the Immaculate Conception the Corpus Christi procession will be held at 5:30 p. m. Among those in line will be the children who have just made their first communion, both branches of the Children of Mary, the Junior Holy Name society and the members of the Immaculate Conception sodality. Members of the senior branch of the Holy Name society will have charge of the mark making the procession, which will march through the spacious grounds.

On Sunday, June 21, Rev. James Goggin, S. J., of this city will celebrate his first mass at the Immaculate Conception church at 11 o'clock.

Tewksbury Navitite. At the parsonage of the Oblate Fathers, Tewksbury, an open air procession will be held tomorrow afternoon at 2:30 p. m. attended by the fathers, brothers, members of the Holy Name society of Tewksbury, Junior and senior branches of the Holy Name society, and the other parish societies. The procession will be followed by benediction of the blessed sacrament and a sermon in the open-weather permitted. The sermon will be preached by Rev. John P. Flynn, O. M. I., of the Sacred Heart church, Lowell. If the weather proves unfavorable, the services will be held in the church.

LAKEVIEW PARK. Two Band Concerts Will Be Given on Sunday at Lakeview Park by the Lowell Military Band.

AFTERNOON PROGRAM. March, 5th Mass Regt. Sergeant Overture—The Amazon Kiesel, Popular Numbers (a) (c) Waltz—The Wedding of the Winds. Hall.

Selection from Robin Hood. Wagon March—Col. Logan Sergeant Grand Fantasia—Songs of Uncle Sam. Homer Zephyrene solo, selected. Frank Kenyon Serenade Egyptian—Amelia. Lincoln Intermezzo from Cavalleria Rusticana. Mascagni Mazurka Characteristique—Amoretti. Navarro Star Spangled Banner.

BIG MOTOR-PACED RACE. Famous Riders in 30 Mile Event at Revere Cycle Track—Record in Danger.

With Clarence Carman, Leon Didier and Elmer Collins, three of the fastest men behind machine pace, taking the mark in the three-cornered, 30-mile, motor-paced race at the Revere cycle track tonight, the record for that distance is in danger.

Carman is especially anxious to hang up a new mark for the distance. He is the present holder of the ten-mile record, and considering the surprising form he has shown of late it would not be at all surprising to see him approach new figures. A record is not the only thing that Carman has in sight, however. He is out to beat Didier again. The Jamaica Cyclone is the only rider who has beaten the French champion since the latter anchored on these shores.

In this matter, the beach fans are from Missouri. They've got to be shown. Didier has convinced them that he is one of the speediest paced men in the game today and after the ease with which he disposed of Wiley and some of the other starts at the beach they can hardly believe that Carman has a victory to his credit over the Parisian.

Collins has maintained a hard, steady grind in practice all this week and claims that he will show something different than he has been showing when he takes the track tonight.

St. Michael's. The procession will take place at St. Michael's immediately after the high mass which commences at 10:45. The usual order will be followed, the various church bodies taking up their respective positions and marching into the open and back into the church where benediction will be given. A special musical program will be rendered.

St. Margaret's. The men's committee for the Rosa Festival of St. Margaret's church, to be held at the Casino, June 13, has just been named. Following are the members:

THE GROOM HELD UP

WORCESTER DOCTOR WAS ROBBED OF \$476 ON EVE OF WEDDING

WORCESTER, June 13.—Dr. Charles V. Patterson of 44 May street and Miss Veda McTermid, daughter of Archibald McTermid, Worcester agent of the American Express company, were married last night in the First Universalist church by Rev. Dr. Vincent E. Tomlinson, assisted by Rev. Frank O. Rice of New York, a cousin of the bride.

James Gustafson of Toronto was best man, Mrs. David W. Armstrong of Worcester, mother of the bride, Helen Dunlap of Washington, Penn., maid of honor, and Miss Dorothy Hall of New York, Miss Hazel Lynch, Miss Hazel Bonds and Miss Marion Cowie of Worcester, bridesmaids. The ushers were Paul Hultman, David W. Armstrong, Leon McTermid, Carlton Dean of Worcester and Russell Webb of Shrewsbury.

After a reception at the home of the bride, 57 Shattuck street, Mr. and Mrs. Patterson started on a wedding trip to the Thousand Islands. They will make their home in Toronto, Ont., at 621 Queen street west.

As an incident of the wedding the Worcester police are trying to find two young men who held up Dr. Patterson at the point of a revolver at 1:45 o'clock this morning near May and Mason streets and robbed him of \$476 in cash and an open-face gold watch. Dr. Patterson had passed the evening with his bride in her home on Shattuck street and was on his way to his own home when he lighted a cigar. Wishing to enjoy a smoke in the open he walked out May street to Park square and was returning when he was held up by the two highwaymen who took all the valuables he had.

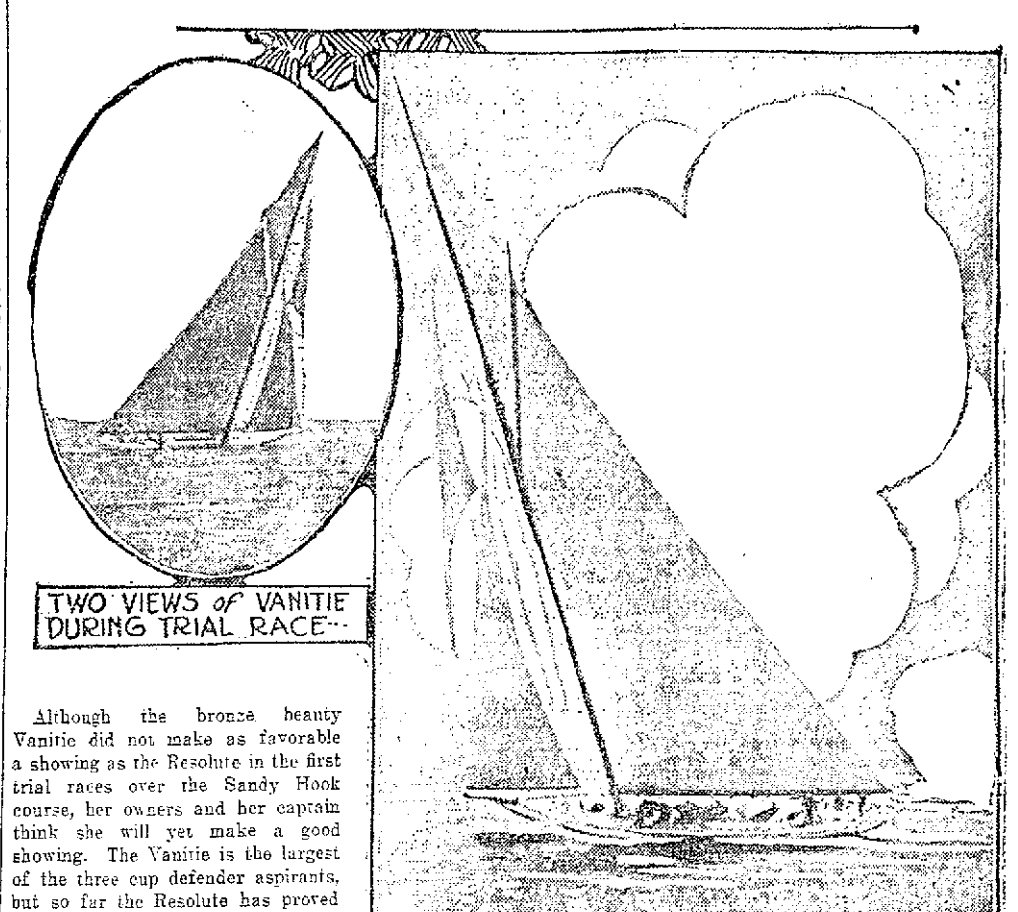

TEMPERING STYLES FOR JUNE. A big assortment of the most popular styles in women's dress pumps, new colonials, also the plain pumps with tailored bows. White nubuck, patent cloth, gun metal, black suede.

BRONZE BEAUTY VANITIE EXPECTED TO MAKE BETTER SHOWING IN LATER TRIALS

TWO VIEWS OF VANITIE DURING TRIAL RACE

Although the bronze beauty Vanitie did not make as favorable a showing as the Resolute in the first trial races over the Sandy Hook course, her owners and her captain think she will yet make a good showing. The Vanitie is the largest of the three cup defender aspirants, but so far the Resolute has proved the most effective.

Porter said he and Webb were pushed into the brook after their hands and feet were tied. When Porter crawled out he was kicked in the face, he said, causing his nose to bleed. He told the jury that Louis Cote said: "You will bleed worse than that before I get through with you." The witness said he fell asleep or became unconscious, and when found by two children, who were gathering greens, his face was severely swollen from the effects of a string which had been tied tightly about his neck.

Louis Cote's age is 14 years and that of his brother Herbert 9.

FOR N. E. TENNIS TITLE. HARTFORD, Conn., June 13.—R. L. Murray of Leland Stanford university as challenger will play A. H. Mann, Jr., the holder for the New England tennis championship on the courts of the Hartford Golf club late today, bringing to an end the week's journey.

The coroner's jury rendered a verdict small boys, Louis and Herbert Cote, that Webb died of strangulation at the hands of the Cote brothers by shoe-strings tied about his neck.

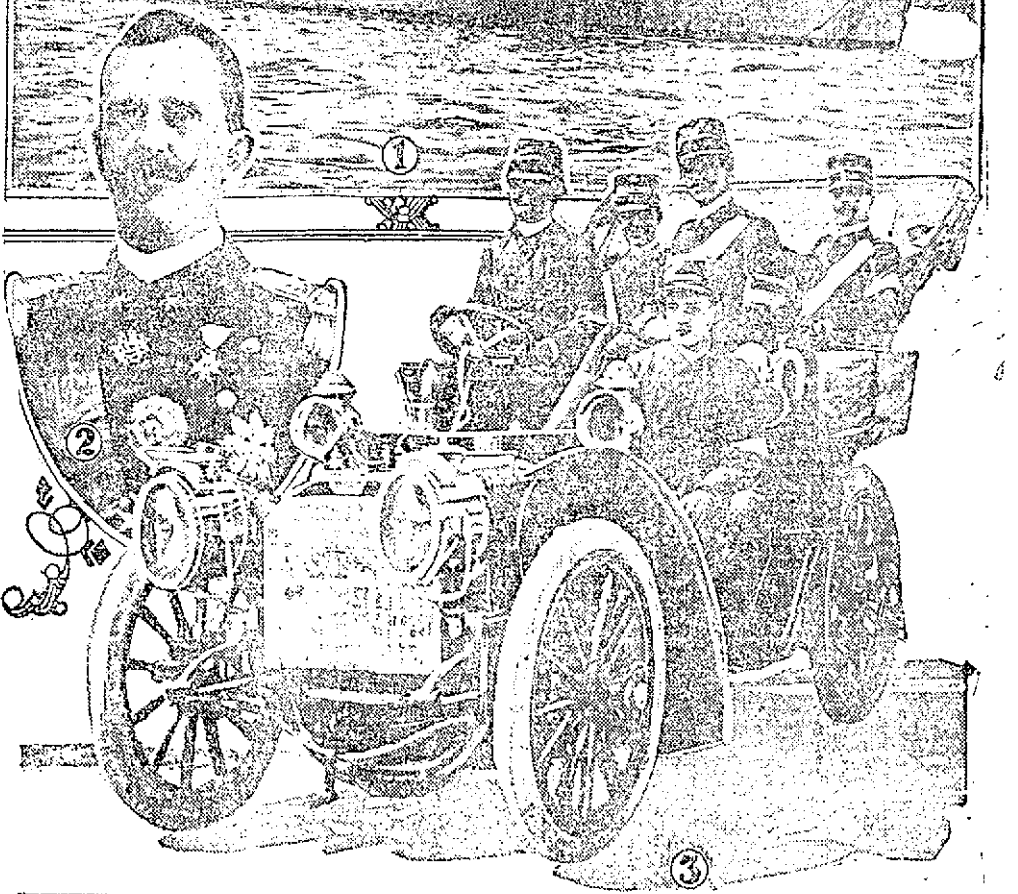

Victor Porter, aged 13, who testified that he was also bound and nearly strangled, was the principal witness. He said that while fishing with Webb was attacked Thursday while fishing two boys they did not know, but whom

he identified as the Cote children, came along and remained for a time, sharing their lunch. Later, according to Porter, the strangers made them take off their clothing and threatened to stab them.

Porter said he and Webb were pushed into the brook after their hands and feet were tied. When Porter crawled out he was kicked in the face, he said, causing his nose to bleed. He told the jury that Louis Cote said: "You will bleed worse than that before I get through with you." The witness said he fell asleep or became unconscious, and when found by two children, who were gathering greens, his face was severely swollen from the effects of a string which had been tied tightly about his neck.

Louis Cote's age is 14 years and that of his brother Herbert 9.

AMUSEMENT NOTES

B. F. KEITH'S THEATRE. Few persons can witness the frightful collision between two ferryboats in "The Sea Wolf," at the B. F. Keith Theatre, without having recalled to their minds accounts of recent sea disasters. So real seems this portion of the picture that audiences are gripped as they seldom have been before. The staging of Jack London's wonderful novel was carried on regardless of expense, as will be readily imparted to the observer. Robert Ross, with, as Larsen, the Wolf, gives an ideal impersonation of the half brute, half intellectual. It is wonderfully well done, and stands as the best motion picture characterization ever shown here. Seats for 10 cents, with a few at 15 cents. Tomorrow special Sunday entertainments will be given. "The Banker's Daughter," Monday, Tuesday and Wednesday.

MERRIMACK SQUARE THEATRE. In the selection of that wonderfully interesting dramatic offering, "Life's Shop Window," for next week's attraction.

Opening Game in Polo Series Between England and American Fours at Meadowbrook Club

WESTBURY, L. I., June 12.—Society, guests and the dust hung over the polo grounds, and the casual spectators, thousands all told, turned toward the Meadowbrook club today to witness the opening game of the international polo series.

The fours of England and America were to do battle on the springy green of the club grounds for the international challenge cup. Six matches have heretofore been played for the trophy and each nation has won three of them. This time, however, as has been the case before in recent years, the Britons came as the challengers.

Before the game the Americans put strong favorites at odds of ten to six. The lineup follows:

England—No. 1, Captain H. A. Tompkinson; No. 2, Captain L. St. John; No. 3, Major E. W. Barrett; back, Captain Vivian Lockart.

America—No. 1, Rene LeMontaigne; No. 2, J. M. Waterbury; No. 3, Deyverox Millard; back, Lawrence Waterbury.

Referee, Louis H. Stoddard; umpires, Joshua Crane, Boston and Keith H. Massham, Cairo, Egypt.

Goal umpires—Mr. H. A. Southern and Frank Fisher for America and Spencer Fish and Frank S. Drake for England.

The exodus to the Meadowbrook club began early. Long before noon the roads leading to Westbury and Hempstead were crowded with automobiles. As the long line of cars approached the playing field the roads became con-

BIG BALLOONS MISSING

No Trace of the Three Balloon Parties Who Left Portland, Ore. in Long Distance Race

PORTLAND, Ore., June 12.—Although every town, settlement and ranch where there is a telephone or telegraph service in Clackamas, Marion, Multnomah and other counties has been communicated with and the forests and mountains in Clackamas county have been combed by forest rangers, no authentic reports since Thursday night have been received of any one of the three missing balloon parties which left Portland Thursday at four o'clock in a long distance balloon race.

Definite reports from Oregon City early today were that what seems to have been the Berry balloon (Million), Population club, which later met with disaster, was seen between 7 and 8 from Portland.

NEW PLAN TO SOFTEN LEATHER

Important Invention
Perfected by Foreman
John E. Sullivan

Being Used With Success at Plant of Barry Shoe Co.

J. E. SULLIVAN
Inventor

An invention of great importance to the shoe industry has been perfected by John E. Sullivan, foreman of the making department of the W. J. Barry Shoe Co. of Portland, Ore. The invention consists of a machine, which automatically makes the softest of leather soft and pliable, and which after one application will make the leather take on a beautiful grain. The rights of the invention were disposed of this morning to a local manufacturer.

Mr. Sullivan's rise in the shoe business has been rapid. Starting at the early age of thirteen in the W. J. Barry Shoe Co. of North Adams, Mass., his work soon attracted the attention of his employers. They at once showed an interest in the boy and gave him a good chance to acquire himself with the business. At the age of fifteen he was promoted to the position of foreman, a position which although at that time was not as remunerative as it is today, was much coveted. His ability in shoe making was the reason of considerable favorable comment and he was much sought after. He accepted several offers for the purpose of acquiring knowledge of the art of shoe making.

Some of the concerns by which he has been employed are as follows: A. C. Webster Shoe Co., manufacturers of men's and boys' shoes of North Adams, A. J. O'Donnell Co. of North Adams, manufacturers of ladies' and gentlemen's high grade shoes, W. H. Southern Shoe Manufacturing Co. of Manchester, N. H., the largest manufacturers of men's, boys' and youths' shoes in the world; A. J. Bates and Webster Shoe Co. of Webster, Mass.; Farmington Shoe Co. of Dover, N. H.; The W. J. Barry Shoe Co. of this city.

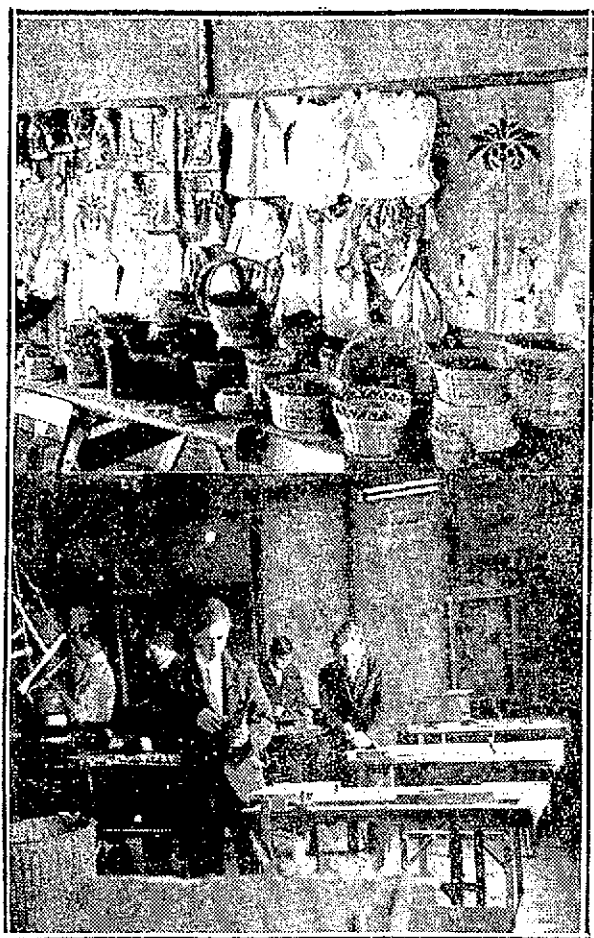

Barry secured his services. On completion of two of the largest departments in the shop, his work had helped materially in elevating the

standard of the Barry Shoe Co., which is known all over the world by its products. In all these years of shop usefulness Mr. Sullivan has been studying and experimenting with his invention. After many failures his perseverance was rewarded.

The perfection of this substance which will make coarse leather soft is something that has for years perplexed shoe men all over the country and will be received by them with much acclaim.

In an interview with a Sun reporter regarding his invention, Mr. Sullivan said: "My preparation I intend calling 'Sullivan's New Life Treating Composition.' I am glad indeed that I have at last achieved success, but others could have done the same trick and probably finished the thing a while ago. I had better not in shorter time had they tried. It was just a lucky chance that made me go about it and I am in hopes that it will prove a success. First from the west and shoe concerns from the east are now using my preparation. The Barry Shoe Co. uses it exclusively."

The employees about the shop were led in their praises of the new polish and they said that it cannot help but make good.

UPPER PICTURE—SAMPLES OF WORK IN EIGHTH GRADE
LOWER—BOYS AT WORK IN CARPENTRY CLASS

Manual Training at High School Aply Conducted by Principal Truby

North Chelmsford is noted for its fine school system, especially the high school which was until a few years ago given over entirely to academic work. It now embraces an industrial department which is considered second only to the industrial department of the Fitchburg high school. This school differs from the North Chelmsford high school in that it has the latest in equipment. The industrial course was introduced in the North Chelmsford high school immediately upon the election of Principal Truby, who has made a particular study of industrial schools throughout the country, and the excellence of his work is shown in the work of the pupils.

At present the class room is equipped with fourteen carpenter benches which although entirely inadequate will have to do for the present school term. The work that has been turned out by the boys is simply wonderful. They do all the repairing that needs to be done around the school building and have just completed partitioning off the new building. The quality of the work would have done credit to skilled craftsmen. The benches in the workroom were made by them and they keep the furniture in their homes in repair. These industrious youths have repaired 150 chairs this season. One of the boys, a lad about 15 years of age was seen yesterday afternoon by a Sun reporter on his way home with a rifle window frame which he had made under his arm. The town has saved many dollars in insuring this industrial system in which the pupils do all repair work.

Principal Truby in an interview with the Sun reporter said: "I have a great deal in mind which would help greatly the congested condition of the school. My plan is to build a wooden structure on a corner lot of land be-

longing to the school. The boys could erect the building if they had the material. This workshop when finished would give added room for increased activity. I believe we shall plan for enlargement in that way or we might possibly follow the plans of the Fitchburg high school, in sending pupils into the local industries for a week, and then letting them come back to school and tell the following week. One great feature in the latter plan is that the pupil gets a chance to apply the instruction he gets in school. This plan would also solve a large measure our equipment problem. We would like to put in a forge, so that we could get an early start on iron work next year. We need some light machinery. I am deeply grateful to the people of the town for the spirit of cooperation they have shown in school matters in general and with the same cooperation by the people and a little more financial aid from the authorities, we will have the finest school in the state. I do not say this because I am principal, but because the boys have it in them to do so if they are helped a little."

Mr. Truby is the schoolboys' friend. He is always found with some pupil at his side imparting fatherly advice and advice. It is his one aim to make the children like school work and look up to the best things in life. In a corridor is found a bulletin of statistics compiled by him, showing the average and maximum earnings of the boys who have not had thorough school education, then of the boys who by hard work, attain a practical education. This has helped materially in giving to North Chelmsford the name of having one of the best industrial departments in any school in the state.

The pupils are making excellent progress in the various lines of work under the direction of Principal Truby. The accompanying picture shows samples of what has been done.

At the close of the church service the pupils will perform and read the way to Davis square in Central, Merrimack to Monument square, from Moody to Burton, to Middlesex, to Gorman and back to the hall, where a social hour will be held, followed by the serving of a luncheon.

At 11 o'clock a high mass will be celebrated by the chaplain, Rev. Dr. D. J. Ketcher, pastor.

Auto Struck by Train at Grade Crossing in Ripley, N. Y.

RIPLEY, N. Y., June 12.—Three men were instantly killed today when an automobile in which they were riding was struck by a fast Lake Shore railroad passenger train at a crossing here. Two men riding with them jumped from the car and escaped injury.

The dead: Frederick B. Bird, George Bird, his son, and Otto G. Walker of Dunkirk. The automobile was driven by the older Bird.

THE HEAT WAS FATAL

HOTTEST JUNE 12TH IN HISTORY IN FORTY YEARS—TWO DEATHS YESTERDAY

BOSTON, June 12.—Yesterday's maximum temperature was 91.4, but as the weather bureau disregards the fraction, unless it constitutes half a degree, the record is given as 91, which was also the record of Thursday. The highest figure Wednesday, the first day of the hot spell, was 88.

Two were added yesterday to the death roll from heat. They were Thos. Mullen, aged 22, of 29 Lynde street, found dead in a cell at East Dedham street police station, and James Murphy, aged 73, a veteran from the Soldiers' home, Togus, Me., found dead in bed at the Merrimack house.

Flags, flags for Flag Day at The Thompson Hardware Co., also poles and brackets.

GREECE TAKES ISLANDS

HELLENIC GOVERNMENT IGNORES TURKEY'S CONTENTION—WAR NEAR

ATHENS, Greece, June 12.—Formal announcement of the occupation of the Turkish islands of Chios and Mytilene by Greece was gazetted today. The Hellenic government thus further emphasizes its determination to ignore Turkey's contention that the possession of these islands was necessary for the defense of the adjacent Ottoman territory in Asia Minor.

In diplomatic circles here it is feared that this action of the Greek government at the present moment when the tension between the two nations is so great may be regarded as especially provocative by Turkey and force a crisis.

SEARCH FOR SUCCESSOR TO MEXICAN DICTATOR

The Mediating Colony Turns Thoughts From Diplomatic Forms and Protocols to Questions of Personnel for the New Provisional Government

NIAGARA FALLS, Ont., June 12.—The mediating colony turned their thoughts today from diplomatic forms and protocols to question of personnel for the new provisional government of Mexico. They began the search for a successor to Huerta who shall be acceptable to all factions, capable of pacifying Mexico so that a constitutional election may be held.

A man of unusual qualifications is sought. He must be without violent prejudices who can conserve the interests of the Huerta followers as well as the constitutionalists.

Sign First Protocol
The mediators and delegates felt today that they had accomplished much by the signing of the first of the series of protocols. In this document the American and Mexican delegates as well as the diplomatic representatives of Argentina, Brazil and Chile entered into an agreement for the transfer of power from the hands of General Huerta to the new provisional president in the following manner.

Constitutional President
A government is to be constituted in Mexico of a character to be later provided which shall be recognized by the United States and the countries represented by the mediating plenipotentiaries, Argentina, Brazil and Chile on—date to be fixed—and which from that day forward shall exercise public functions until the constituent assembly convenes a constitutional president.

Another protocol will deal with the personnel of the new provisional government and set forth that the new executive shall be installed after being recognized by Mexican nationals, including all political parties. The Mexican delegates are anxious that some clause be written in one of the protocols by which it shall be emphasized that the new president is to be recognized by interior Mexico, as well as foreign nations.

Resignation of Huerta
The purpose of this is to make this consistent for General Huerta to resign in accordance with his declaration made recently through the Mexican delegates, namely, that he would retire when Mexico was politically pacified.

This was explained by the Mexican delegates as meaning not material pacification of the country but an agreement as a result of the mediation which all political factions would accept.

Pedro Laseurain Mentioned
These points will be worked out in future conferences but for the present attention is centered on the individual. The name of Pedro Laseurain, minister of foreign affairs when Madero was forced to resign is being mentioned as a possibility, but it is known that he

EXPLOSIONS STIR TOWN

Safe in Postoffice at Reeds Ferry, N. H. Blown Open and Robbed Early This Morning

REEDS FERRY, N. H., June 12.—Explosions which brought nearly all the residents of this village half dressed to the vicinity of the postoffice early today were explained when it was found that the safe had been blown open and robbed of \$27 worth of stamps. Those first on the scene saw four men hastening toward the railroad tracks. The burglars, who escaped, overbroke a considerable amount of cash.

The telephone office at Merrimack, just below here, with which the local telephone system is connected, is in charge of Mrs. C. H. Hoffman, who also conducts the Merrimack postoffice. Although she declares she heard suspicious sounds outside after the explosions at Reeds Ferry, she struck to the switchboard and summoned aid from Manchester.

the case and has ordered an inquest to take place next Tuesday.

Mrs. Ziegler is survived by five children, Charles L., Alfred M. and Clara M. Ziegler of Roxbury; Mrs. E. V. Gravit and Percy H. Ziegler of Jamaica Plain.

TIE KASINO
Miner's orchestra continues to play musical music at the Kasino, and music, you know, is the most important feature of dancing. Without inspiring music, your stomp dance, your being in a box, "Georgia Rose" talent powder has the fragrance of the "American Beauty" rose and is extremely soft and velvety.

SHOULD READ 25 CENTS
In the advertisement of Daggett's (Hall & Lyon) store, which appeared in yesterday's Sun, "Georgia Rose Talent Powder" was advertised at 15 cents a box. This should have read 25 cents a box. "Georgia Rose" talent powder has the fragrance of the "American Beauty" rose and is extremely soft and velvety.

POLICE SCATTER MILITANTS
LONDON, June 12.—The suffragettes made preparations for a demonstration upon but their procession was allowed to get on as far as the Albert hall only, on the way to Olympia, where the police interfered and scattered it.

BOSTON WOMAN INSTANTLY KILLED WHILE ON VISIT TO PORTLAND, ME.

PORTLAND, Me., June 12.—Mrs. Eliza D. Ziegler, wife of Alfred Ziegler of 1 Ellis street, Roxbury, was killed instantly by a train at Woodford's station, Portland, yesterday.

Mrs. Ziegler, who was 78 years old, became confused and stepped in front of an incoming train on the Worcester, Nashua & Portland division of the Boston & Maine. The train was but a few feet away and bystanders were unable to save her. The body was mangled terribly.

Mrs. Ziegler came to Portland the first of the week and had visited her niece, Mrs. Bartlett A. Dow of 59 Irving street. She was on her way to visit a sister at Alfred, Me., with whom she had planned visiting her old home in Dayton, on the Saro river. The accident happened shortly after 6 o'clock yesterday afternoon. Her family in Boston was notified of the death last night and arrangements made to send the body to Roxbury for burial.

Coroner Martin assumed charge of the case and has ordered an inquest to take place next Tuesday.
